Re: *Approval of the Amendments to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Business Telecom, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996.*

Docket No. 00-01111

01-00633

Dear Mr. Waddell:

Pursuant to Section 252(e) of the Telecommunications Act of 1996, Business Telecom, Inc. and BellSouth Telecommunications, Inc. are hereby submitting to the Tennessee Regulatory Authority the original and thirteen copies of the attached Petition for Approval of the Amendments to the Interconnection Agreement dated February 21, 2000. The first Amendment, dated June 5, 2001, attaches a Volume and Term Agreement and extends the term of the Interconnection Agreement to September 30, 2002; replaces language in Sections 2.3 and 2.4 of the General Terms and Conditions; replaces the collocation attachment and replaces the performance measures attachment. The second Amendment, dated June 20, 2001, amends Attachment 1 and attaches Exhibit 1, which includes rates for Unbundled Coin Port/Loop Combinations.

Thank you for your attention to this matter.

Sincerely yours,

Guy M. Hicks

In re: *Approval of the Amendments to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Business Telecom, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996*

Docket No. ~~00-01111~~
01-00633

**PETITION FOR APPROVAL OF THE
AMENDMENTS TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELLSOUTH TELECOMMUNICATIONS, INC.
AND BUSINESS TELECOM, INC.
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996**

COME NOW, Business Telecom, Inc. ("BTI") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated February 21, 2000 (the "Amendments") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, BTI and BellSouth state the following:

1. BTI and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to BTI. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on August 15, 2000.
2. The parties have recently negotiated Amendments to the Agreement. The first Amendment, dated June 5, 2001, attaches a Volume and Term Agreement and extends the term of the Interconnection Agreement to September 30, 2002; replaces language in Sections 2.3 and 2.4 of the General Terms and Conditions; replaces the collocation attachment and replaces the performance measures attachment. The second Amendment, dated June 20, 2001, amends Attachment 2 and attaches Exhibit 1, which includes rates for unbundled coin port/loop

combinations. Copies of the Amendments are attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, BTI and BellSouth are submitting their Amendments to the TRA for its consideration and approval. The Amendments provide that either or both of the parties is authorized to submit these Amendments to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendments between BellSouth and BTI within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. BTI and BellSouth aver that the Amendments are consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

BTI and BellSouth respectfully request that the TRA approve the Amendments negotiated between the parties.

This 19th day of July, 2001.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

ATTACHMENT TO TRANSMITTAL LETTER

The Agreement entered into by and between Business Telecom, Inc. and BellSouth Telecommunications, Inc., dated June 5, 2001, for the state(s) of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, South Carolina, North Carolina, and Tennessee consists of the following:

ITEM	NO. PAGES
Amendment	8
Attachments	152
TOTAL	160

**AMENDMENT
TO THE
INTERCONNECTION AGREEMENT BETWEEN
BUSINESS TELECOM, INC.
AND
BELLSOUTH TELECOMMUNICATIONS, INC.
DATED February 21, 2000**

This Amendment to Interconnection Agreement ("Amendment") is entered into by and between BellSouth Telecommunications, Inc., a Georgia corporation ("BellSouth"), and Business Telecom, Inc., a North Carolina corporation ("BTI"). BellSouth and BTI may be individually referred to herein as "Party" and collectively as "Parties".

WHEREAS, BellSouth and BTI executed an Interconnection Agreement dated February 21, 2000 (the "Interconnection Agreement"); and

WHEREAS, the Parties desire to amend the Interconnection Agreement as set forth herein;

NOW, THEREFORE, for and in consideration of the promises herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to amend the Interconnection Agreement as follows:

1. The term of the Amendment shall begin on January 1, 2001 and shall terminate on September 30, 2002.
2. The existing Interconnection Agreement is hereby amended to add the following, which shall be a new Attachment 1A to the Interconnection Agreement:

1.0 Volume and Term

1.1 Scope

This Amendment applies to the services specified in Appendix I provisioned within the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

1.2 Purpose

BellSouth and BTI intend for BTI to purchase the services set forth in Appendix I at a Volume & Term Rate ("V&T Rate") as set forth in Section 1.3.3 and 1.6. The specified services shall be

purchased in sufficient quantities so that BTI will comply with the minimum quantity set forth in Section 1.4 below.

1.3 Definitions

- 1.3.1 "V&T Eligible Services" are those services listed in Appendix I.
- 1.3.1.1 BellSouth shall upon BTI's request, consider the addition of new rates, terms and conditions for business lines, vertical features and rotary/hunting service tariffed after the effective date of this Amendment ("Newly Tariffed Service").
- 1.3.1.2 BellSouth shall use best efforts to notify BTI when a Newly Tariffed Service is added that falls into one of the three categories listed in paragraph 1.3.1.1. BTI shall submit, in writing to BellSouth, a request to add the Newly Tariffed Service to Appendix I. If accepted by BellSouth as a V&T Eligible Service, BellSouth shall propose an effective V&T within 45 days of receipt of BTI's request to add the Newly Tariffed. The parties will amend this Amendment to add such new services and the effective date for the V&T rate for the Newly Tariffed Service shall be the date such service first appears on BTI's bill.
- 1.3.1.3 BellSouth shall upon BTI's request, consider the addition of new rates, terms and conditions for business lines, vertical features and rotary/hunting service tariffed before the effective date of this Amendment ("Previously Tariffed Service").
- 1.3.1.4 BTI shall submit, in writing to BellSouth, a request to add the Previously Tariffed Service to Appendix I. If accepted by BellSouth as a V&T Eligible Service, BellSouth shall propose an effective V&T Rate within 45 days of receipt of BTI's request to add the Previously Tariffed Service. The parties will amend this Amendment to add such new services and the effective date for the V&T rate for the Previously Tariffed Service shall be the date last Party signs the Amendment.
- 1.3.2 "Business Lines" under this Amendment are calculated using the following V&T Eligible Services or any additional services added as per Section 1.3.1.1:
- Flat Rate Business = 1 Line
 - Business Plus/ Business Choice = 1 line
 - Expanded Area Calling - Business = 1 Line
 - Measured Rate - Business = 1 line

1.3.3 V&T Rate is the state specific flat rate for the recurring charges for V&T Eligible Services. The V&T Rate shall be applied in lieu of the Tariff Rate less the Resale Applicable Discounts as specified in Exhibit A, for the recurring charges for V&T Eligible Services. The Tariff Rate less the Resale Applicable Discounts shall be applied, however, to the non-recurring charges for V&T Eligible Services.

1.4 Resale Commitment

1.4.1 To be eligible for the V&T Rate, BTI shall purchase a minimum of 24,500 Business Lines ("Minimum Commitment").

1.4.1.1 To be eligible for the V&T Rates, BTI shall maintain at least 9,000 of BTI's total resale Business Lines in Zone 1 and Zone 2 ("Zone Requirements"). Zones 1 and 2 are defined in the attached Appendix II.

1.4.1.2 To be eligible for the V&T Rates, BTI shall have on the Effective Date of the Amendment at least 14,700 of BTI's total resale Business Lines in Alabama, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee ("State Requirements").

1.4.2 Not later than August 15, 2001, and every 6 months thereafter, BellSouth will review BTI's resale business lines in-service to determine whether BTI achieved or otherwise maintained its Minimum Commitment and Zone requirements.

1.4.3 If as a result of these reviews, BellSouth determines that BTI did not meet its Minimum Commitment or Zone Requirements, BTI shall pay a Commitment Shortfall Charge; provided, however, that if BTI disagrees with BellSouth's determination, BTI may invoke the Billing Dispute procedures of Section 8.6.3 of the General Terms and Conditions. Upon request, BellSouth will provide documentation supporting its determination.

1.4.3.1 If the number of Business Lines BTI purchases for resale falls below 22,500 business lines, BTI will be assessed a \$60 per line Commitment Shortfall Charge ("Commitment Shortfall Charge") for each line and each month BTI is below the 22,500 Minimum Commitment. Or, if the number of Business Lines BTI purchases for resale falls below 9,000 Business Lines in Zone 1 and Zone 2, BTI will be assessed a \$12 per line Zone Requirement Shortfall Charge ("Zone Requirement Shortfall Charge") for each line and each month BTI is below the 9,000 Business Lines in Zone 1 and Zone 2 Zone Requirements. If BTI falls below the 22,500 Minimum Commitment and falls below the 9,000 Business Lines in Zone 1

and Zone 2, BTI will only be subject to the Commitment Shortfall Charge.

- 1.4.3.2 If the number of Business Lines BTI purchases for resale falls below 20,250 business lines, BTI shall be subject to the termination liability as defined in Section 1.8 of this Amendment.
- 1.4.3.3 BellSouth will issue BTI a bill for the Shortfall Charge; BTI shall pay the charge within thirty (30) days of receipt; provided, however, that if BTI disagrees with BellSouth's assessment of Commitment Shortfall Charge, BTI may invoke the Billing Dispute procedures of Section 8.6.3 of the General Terms and Conditions.

1.5 Resale Commitment Reward

- 1.5.1 For each Business Line target BTI meets, on or before the specified Business Line target date as set forth below, BTI will receive a \$75,000 credit on BellSouth's CRIS bill to BTI. If BTI does not meet the Business Line target by the Business Line target date, BTI is not eligible to receive the \$75,000 credit.
 - 26,000 Business Lines on or before August 1, 2001
 - 28,000 Business Lines on or before September 1, 2001
 - 30,000 Business Lines on or before March 1, 2002
 - 32,000 Business Lines on or before May 1, 2002

1.6 Volume & Term Rate

- 1.6.1 The Volume & Term ("V&T") Rates for V&T Eligible Services shall be determined by the rates set forth in Appendix III.
- 1.6.2 In the event that BellSouth, either before or after the effective date of the Amendment, enters into an agreement with any other telecommunications carrier ("Other Volume Agreement") which provides for the provision within the States of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, or Tennessee of any of the arrangements covered by this Agreement upon rates, terms or conditions that differ in any material respect from rates, terms and conditions for such arrangements set forth in the Amendment ("Other Terms"), BellSouth shall be deemed thereby to have offered such Other Volume Agreement to BTI in its entirety. In the event BTI elects to adopt such Other Volume Agreement in its entirety, the Parties shall execute an amendment adopting such Other Volume Agreement. The Parties will work to ensure that such adoption occurs within 60 days. The effective date of the adopted

Other Volume Agreement shall be the date such adoption is executed by both Parties.

1.7 Secondary Service Charge Waiver

1.7.1 During such times as BTI maintains the Minimum Commitment as described in Section 1.4.1, BellSouth will waive the secondary service charges, as described in Section A4 of the General Subscriber Service Tariff, for the addition of Custom Calling and Touchstar Services and Rotary/Hunting Services. Further, BTI acknowledges that due to the functionality of BellSouth's billing systems, BellSouth is or may be unable to reflect applicable discounts on BTI's initial bill for secondary service order charges. All credits issued pursuant to the secondary service charge waiver shall be in arrears such that the applicable credit for a given billing cycle will be reflected on a quarterly basis.

1.8 Termination

1.8.1 Notwithstanding anything to the contrary in the General Terms and Conditions, BTI shall have the right to terminate the purchase of Volume and Term eligible services, as defined in Appendix I at Volume & Term Rates, prior to expiration by providing BellSouth written notice of such termination 60 days prior to the effective date of the termination.

1.8.2 Notwithstanding anything to the contrary in the General Terms and Conditions, BellSouth shall have the right to terminate the purchase of Volume and Term eligible services, as defined in Appendix I at Volume & Term Rates, prior to expiration by providing BTI written notice of such termination 60 days prior to the effective date of termination when the following condition applies:

- If the number of Business Lines BTI purchases for resale falls below 20,250 Business Lines.

1.8.3 In the event BTI or BellSouth terminates the Amendment, pursuant to Section 1.8, BTI will be charged a termination charge equal to the year-to-date accumulated credits received, excluding any resale applicable discounts ("Accumulated Credits") multiplied by a Termination factor ("Termination Factor"). The Termination Factors applicable if BTI or BellSouth terminate the Amendment are as follows:

- Effective Date through November 30, 2001 - Termination Factor shall be 100%

- December 1, 2001 through expiration or termination - Termination Factor shall be 95%
- 1.8.4 Any termination liability due shall be reduced by the Commitment Shortfall Charge and Zone Requirement Shortfall Charges already paid by BTI pursuant to section 1.4.3.1.
- 1.9 Reciprocal Compensation
- 1.9.1 No compensation will be due from BellSouth for the transport and termination of resold services purchased by BTI from BellSouth even if BTI purchases such services on behalf of or for the use of another entity, whether or not affiliated with BTI. Further, the Parties agree that no compensation will be due from BTI to BellSouth for transport and termination of Local Traffic over resold services.
- 1.10 Tariff Changes
- 1.10.1 If during the term of the Amendment, BellSouth receives regulatory approval for price reductions or increases on tariff services purchased by BTI, V&T Rates described in Appendix II shall not be affected by such reduction or increase and shall still apply: provided however, BTI may at its option elect to purchase resold services at the new tariffed rate less the Resale Applicable Discounts set forth in Exhibit A of Attachment 1. BTI shall notify BellSouth in writing of such election, and the Parties shall agree to amend this Amendment to reflect such change. The new rate shall become effective on the date such amendment is executed by both Parties. BTI shall have sole discretion to include lines resold under such tariffed rates in the calculation of the Minimum Commitment.
3. The term of the Interconnection Agreement is extended to September 30, 2002 .
4. Sections 2.3 and 2.4 of the General Terms and Conditions of the Interconnection Agreement are deleted in their entirety and replaced with the following Sections 2.3 and 2.4 below:
- 2.3 If, within one hundred and thirty-five (135) to one hundred and sixty (160) days of commencing the negotiation referred to in Sections 2.1 and 2.2 above, the Parties are unable to satisfactorily negotiate new resale and/or local interconnection terms, conditions and prices, either Party may petition the Commission to establish appropriate local interconnection and /or resale arrangements pursuant to 47 U.S.C. 252. The Parties agree that, in such event, they shall encourage the

Commission to issue its order regarding the appropriate local interconnection and/or resale arrangements no later than the expiration date of this Agreement. The Parties further agree that in the event the Commission does not issue its order prior to the expiration date of this Agreement, or if the Parties continue beyond the expiration date of this Agreement to negotiate the local interconnection and/or resale arrangements without Commission intervention, the terms, conditions and prices ultimately ordered by the Commission or negotiated by the Parties, will be effective retroactive to the day following the expiration date of this Agreement.

- 2.4 In the event that as of the date of expiration of this Agreement and conversion of this Agreement to a month-to-month term, the Parties have not entered into a Subsequent Agreement and (i) the Parties are not involved in active good faith negotiations or mediation for a Subsequent Agreement and (ii) no arbitration proceeding has been filed in accordance with Section 2.3 above, then either Party may terminate this Agreement upon sixty (60) days written notice to the other Party. In the event that BellSouth terminates this Agreement as provided above, BellSouth shall continue to offer services to BTI pursuant to the terms, conditions and rates set forth in BellSouth's Statement of Generally Available Terms (SGAT) to the extent an SGAT has been approved by the applicable Commission(s). If any state Commission has not approved a BellSouth SGAT, then upon BellSouth's termination of this Agreement as provided herein, BellSouth will continue to provide services to BTI pursuant to BellSouth's then current standard interconnection agreement. In the event that the SGAT or BellSouth's standard interconnection agreement becomes effective as between the Parties, the Parties may continue to negotiate a Subsequent Agreement, and the terms of such Subsequent Agreement shall be effective retroactive to the day following expiration of this Agreement.
5. Attachment 4 of the Interconnection Agreement is deleted in its entirety and is hereby replaced with a new Attachment 4, attached hereto as Exhibit 1.
6. Attachment 9 of the Interconnection Agreement is deleted in its entirety and is hereby replaced with a new Attachment 9, attached hereto as Exhibit 2.
7. All of the other provisions of the Interconnection Agreement shall remain in full force and effect.
8. Either or both of the Parties is authorized to submit this Amendment to the appropriate Commission or other regulatory body having jurisdiction over the subject matter of this Amendment, for approval subject Section 252(e) of the federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representative on the date indicated below.

EXHIBIT 1

Attachment 4

Physical Collocation

**BELLSOUTH
PHYSICAL COLLOCATION**

1. Scope of Attachment

1.1 Scope of Attachment. The rates, terms, and conditions contained within this Attachment shall only apply when BTI is occupying the Collocation Space as a sole occupant or as a Host within a Premises location pursuant to Section 4. This Attachment is applicable to Premises owned or leased by BellSouth. However, if the Premises occupied by BellSouth is leased by BellSouth from a third party, special considerations and intervals may apply in addition to the terms and conditions of this Attachment.

All the negotiated rates, terms and conditions set forth in this Attachment pertain to collocation and the provisioning of Collocation Space.

1.2 Right to Occupy. BellSouth shall offer to BTI collocation on rates, terms, and conditions that are just, reasonable, non-discriminatory and consistent with the rules of the Federal Communications Commission ("FCC"). Subject to Section 4 of this Attachment, BellSouth allows BTI to occupy that certain area designated by BellSouth within a BellSouth Premises, or on BellSouth property upon which the BellSouth Premises is located, of a size which is specified by BTI and agreed to by BellSouth (hereinafter "Collocation Space"). BellSouth Premises include BellSouth Central Offices and Serving Wire Centers. The necessary rates, terms and conditions for BellSouth locations other than BellSouth Premises shall be negotiated upon request for collocation at such location(s). Neither BellSouth nor any of BellSouth's affiliates may reserve space for future use on more preferential terms than those set forth above.

- 1.2.1 In all states other than Florida, the size specified by BTI may contemplate a request for space sufficient to accommodate BTI's growth within a two-year period.
- 1.2.2 In the state of Florida, the size specified by BTI may contemplate a request for space sufficient to accommodate BTI's growth within an eighteen (18) month period.

1.3 Space Reclamation. In the event of space exhaust within a Central Office Premises, BellSouth may include in its documentation for the Petition for Waiver filing any unutilized space in the Central Office Premises. BTI will be responsible for any justification of unutilized space within its space, if such justification is required by the appropriate state commission.

1.4 Use of Space. BTI shall use the Collocation Space for the purposes of installing, maintaining and operating BTI's equipment (to include testing and monitoring equipment) necessary for interconnection with BellSouth services and facilities, including access to unbundled network elements, for the provision of telecommunications services. Pursuant to Section 5 following, BTI may, at its option, place BTI-owned fiber entrance facilities to the Collocation Space. The Collocation

Space may be used for no other purposes except as specifically described herein or authorized in writing by BellSouth.

- 1.5 **Rates and Charges.** BTI agrees to pay the rates and charges identified in Exhibit A attached hereto. Rates that are interim are subject to true-up pursuant to section 7.11 of this attachment
- 1.6 **Due Dates.** In all states other than Georgia, if any due date contained in this Attachment falls on a weekend or National holiday, then the due date will be the next business day thereafter.
- 1.7 The parties agree to comply with all applicable federal, state, county, local and administrative laws, rules, ordinances, regulations and codes in the performance of their obligations hereunder.

2. Space Notification

- 2.1 **Availability of Space.** Upon submission of an Application pursuant to Section 6, BellSouth will permit BTI to physically collocate, pursuant to the terms of this Attachment, at any BellSouth Premises, unless BellSouth is prepared to demonstrate to the Public Service Commission that there is no space available due to space limitations or no space available due to technical infeasibility.. BellSouth shall, upon request from BTI, remove obsolete unused equipment from its premises prior to BellSouth's scheduled removal of such equipment, to increase the amount of space available for collocation. There will be no charge to BTI for removal of obsolete unused equipment from BellSouth's premises.
- 2.1.1 **Availability Notification.** Unless otherwise specified, BellSouth will respond to an application within ten (10) calendar days as to whether space is available or not available within a BellSouth Premises. This interval excludes National Holidays. If the amount of space requested is not available, BellSouth will notify BTI of the amount of space that is available.
- 2.1.2 BellSouth will respond to a Florida Application within fifteen (15) calendar days as to whether space is available or not available within a BellSouth Premises. If the amount of space requested is not available, BellSouth will notify BTI of the amount of space that is available.
- 2.1.3 BellSouth will respond to a Louisiana Application within ten (10) calendar days for space availability for one (1) to ten (10) Applications; fifteen (15) calendar days for eleven (11) to twenty (20) Applications; and for more than twenty (20) Applications, it is increased by five (5) calendar days for every five additional Applications received within five (5) business days. If the amount of space requested is not available, BellSouth will notify BTI of the amount of space that is available.
- 2.1.4 BellSouth will respond to a Mississippi Application within ten (10) business days as to whether space is available or not available within a BellSouth Premises. If the

amount of space requested is not available, BellSouth will notify BTI of the amount of space that is available.

- 2.2 **Reporting.** Upon request from BTI, BellSouth will provide a written report ("Space Availability Report") specifying the amount of Collocation Space available at the Premises requested, the number of collocators present at the Premises, any modifications in the use of the space since the last report on the Premises requested and the measures BellSouth is taking to make additional space available for collocation arrangements.
- 2.2.1 The request from BTI for a Space Availability Report must be written and must include the Premises and Common Language Location Identification ("CLLI") code of the Premises. Such information regarding Premises and CLLI code is located in the National Exchange Carriers Association (NECA) Tariff FCC No. 4.
- 2.2.2 BellSouth will respond to a request for a Space Availability Report for a particular Premises within ten (10) calendar days of receipt of such request. BellSouth will make best efforts to respond in ten (10) calendar days to such a request when the request includes from two (2) to five (5) Premises within the same state. The response time for requests of more than five (5) Premises shall be negotiated between the Parties. If BellSouth cannot meet the ten calendar day response time, BellSouth shall notify BTI and inform BTI of the time frame under which it can respond.
- 2.2.2.1 In Mississippi, BellSouth will respond to a request for a Space Availability Report for a particular Premises within ten (10) business days of receipt of such request. BellSouth will make best efforts to respond in ten (10) business days to such a request when the request includes from two (2) to five (5) Premises within the same state. The response time for requests of more than five (5) Premises shall be negotiated between the Parties. If BellSouth cannot meet the ten business day response time, BellSouth shall notify BTI and inform BTI of the time frame under which it can respond.
- 2.3 **Denial of Application.** After notifying BTI that BellSouth has no available space in the requested Premises ("Denial of Application"), BellSouth will allow BTI, upon request, to tour the entire Premises within ten (10) calendar days of such Denial of Application. In order to schedule said tour within ten (10) calendar days, the request for a tour of the Premises must be received by BellSouth within five (5) calendar days of the Denial of Application.
- 2.3.1 **Denial of Application.** In Mississippi, after notifying BTI that BellSouth has no available space in the requested Premises ("Denial of Application"), BellSouth will allow BTI, upon request, to tour the entire Premises within ten (10) calendar days of such Denial of Application. In order to schedule said tour within ten (10) calendar days, the request for a tour of the Premises must be received by BellSouth within five (5) calendar days of the Denial of Application.

- 2.4 **Filing of Petition for Waiver.** Upon Denial of Application BellSouth will timely file a petition with the Commission pursuant to 47 U.S.C. § 251(c)(6). BellSouth shall provide to the Commission any information requested by that Commission. Such information shall include which space, if any, BellSouth or any of BellSouth's affiliates have reserved for future use and a detailed description of the specific future uses for which the space has been reserved. Subject to an appropriate nondisclosure agreement or provision, BellSouth shall permit BTI to inspect any floor plans or diagrams that BellSouth provides to the Commission.
- 2.5 **Waiting List.** Unless otherwise specified, on a first-come, first-served basis governed by the date of receipt of an Application or Letter of Intent, BellSouth will maintain a waiting list of requesting carriers who have either received a Denial of Application or, where it is publicly known that the Premises is out of space, have submitted a Letter of Intent to collocate. BellSouth will notify the telecommunications carriers on the waiting list when space becomes available according to how much space becomes available and the position of telecommunications carrier on said waiting list. BTI must submit an updated, complete, and correct Application to BellSouth within 30 calendar days (in Mississippi, 30 business days) of such notification or notify BellSouth in writing within that time that BTI wants to maintain its place on the waiting list either without accepting such space or accepting an amount of space less than its original request. If BTI does not submit such an Application or notify BellSouth in writing as described above, BellSouth will offer such space to the next CLEC on the waiting list and remove BTI from the waiting list. Upon request, BellSouth will advise BTI as to its position on the list.
- 2.5.1 In Florida, on a first-come, first-served basis governed by the date of receipt of an Application or Letter of Intent, BellSouth will maintain a waiting list of requesting carriers who have either received a Denial of Application or, where it is publicly known that the Premises is out of space, have submitted a Letter of Intent to collocate. Sixty (60) days prior to space becoming available, if known, BellSouth will notify the Florida PSC and the telecommunications carriers on the waiting list by mail when space becomes available according to the position of telecommunications carrier on said waiting list. If not known sixty (60) days in advance, BellSouth shall notify the Florida PSC and the telecommunications carriers on the waiting list within two days of the determination that space is available.
- 2.6 **Public Notification.** BellSouth will maintain on its Interconnection Services website a notification document that will indicate all Central Offices that are without available space. BellSouth shall update such document within ten (10) calendar days (in Mississippi, 10 business days) of the Denial of Application due to Space Exhaust. BellSouth will also post a document on its Interconnection Services website that contains a general notice where space has become available in a Central Office previously on the space exhaust list. BellSouth shall allocate said available space pursuant to the waiting list referenced in Section 2.5.
- 2.7 **Regulatory Agency Procedures.** Notwithstanding the foregoing, should any state or federal regulatory agency impose procedures or intervals applicable to BTI that are

different from procedures or intervals set forth in this section, whether now in effect or that become effective after execution of this Agreement, those procedures or intervals shall supersede the requirements set forth herein for that jurisdiction for all applications submitted for the first time after the effective date thereof.

3. Collocation Options

- 3.1 **Cageless.** BellSouth shall allow BTI to collocate BTI's equipment and facilities without requiring the construction of a cage or similar structure. BellSouth shall allow BTI to have direct access to its equipment and facilities. BellSouth shall make cageless collocation available in single bay increments pursuant to Section 7. Except where BTI's equipment requires special technical considerations (e.g., special cable racking, isolated ground plane), BellSouth shall assign cageless Collocation Space in conventional equipment rack lineups where feasible. For equipment requiring special technical considerations, BTI must provide the equipment layout, including spatial dimensions for such equipment pursuant to generic requirements contained in BellCore (Telcordia) GR-63-Core and shall be responsible for constructing all special technical requirements associated with such equipment pursuant to Section 6 following.
- 3.2 **Cages.** BellSouth shall construct enclosures in compliance with BTI's collocation request. At BTI's request, BellSouth shall permit BTI to subcontract the construction of physical collocation arrangements with a contractor certified by BellSouth ("BellSouth Certified Contractor"), provided however, that BellSouth shall not unreasonably withhold approval of contractors.
- 3.3 When BTI subcontracts the construction, BTI must arrange with a BellSouth Certified Contractor to construct a collocation arrangement enclosure in accordance with BellSouth's guidelines and specifications prior to starting equipment installation and at BTI's sole expense. BellSouth will provide guidelines and specifications upon request. Where local building codes require enclosure specifications more stringent than BellSouth's standard enclosure specification, BTI and BTI's BellSouth Certified Contractor must comply with the more stringent local building code requirements. BTI's BellSouth Certified Contractor shall be responsible for filing and receiving any and all necessary permits and/or licenses for such construction. BellSouth shall cooperate with BTI and provide, at BTI's expense, the documentation, including architectural drawings, necessary for BTI to obtain the zoning, permits and/or other licenses. BellSouth shall pass on to BTI the costs of providing the documentation. The BellSouth Certified Contractor shall bill BTI directly for all work performed for BTI pursuant to this Attachment and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the BellSouth Certified Contractor. BTI must provide the local BellSouth building contact with two Access Keys used to enter the locked enclosure. Except in case of emergency, BellSouth will not access BTI's locked enclosure prior to notifying BTI.

- 3.3.1 BellSouth may elect to review BTI's plans and specifications prior to allowing construction to start to ensure compliance with BellSouth's guidelines and specifications. BellSouth shall complete its review within fifteen (15) calendar days. BTI shall be able to design caged enclosures in amounts as small as sufficient to house and maintain a single rack or bay of equipment. If BellSouth reviews BTI's plans and specifications prior to construction, then BellSouth will have the right to inspect the enclosure after construction to make sure it is constructed according to the submitted plans and specifications. If BellSouth elects not to review BTI's plans and specifications prior to construction, BTI will be entitled to request BellSouth to review; and in the event BTI does not request a BellSouth review, BellSouth shall have the right to inspect the enclosure after construction to make sure it is constructed according to BellSouth's guidelines and specifications. BellSouth may require BTI to remove or correct within seven (7) calendar days at BTI's expense any structure that does not meet these plans and specifications or, where applicable, BellSouth guidelines and specifications.
- 3.4 Shared (Subleased) Caged Collocation. BTI may allow other telecommunications carriers to share BTI's caged collocation arrangement pursuant to terms and conditions agreed to by BTI ("Host") and other telecommunications carriers ("Guests") and pursuant to this section, except where the BellSouth Premises is located within a leased space and BellSouth is prohibited by said lease from offering such an option. BTI shall notify BellSouth in writing upon execution of any agreement between the Host and its Guest within ten (10) calendar days (in Mississippi, ten (10) business days) of its execution and prior to any Firm Order. Further, such notice shall include the name of the Guest(s) and the term of the agreement, and shall contain a certification by BTI that said agreement imposes upon the Guest(s) the same terms and conditions for Collocation Space as set forth in this Attachment between BellSouth and BTI.
- 3.4.1 BTI, as the host CLEC shall be the sole interface and responsible Party to BellSouth for the assessment and billing of rates and charges contained within this Attachment; and for the purposes of ensuring that the safety and security requirements of this Attachment are fully complied with by the Guest, its employees and agents. BellSouth shall prorate the costs of the collocation space based on the number of collocators and the space used by each. In all states other than Florida, and in addition to the foregoing, BTI shall be the responsible party to BellSouth for the purpose of submitting Applications for initial and additional equipment placement of Guest. In the event the Host and Guest jointly submit an initial Application, only one Application Fee will be assessed. A separate initial Guest application shall require the assessment of a Subsequent Application Fee, as set forth in Exhibit A, if this Application is not the initial Application made for the arrangement. Notwithstanding the foregoing, Guest may arrange directly with BellSouth for the provision of the interconnecting facilities between BellSouth and Guest and for the provision of the services and access to unbundled network elements.
- 3.4.2 BTI shall indemnify and hold harmless BellSouth from any and all claims, actions, causes of action, of whatever kind or nature arising out of the presence of BTI's

Guests in the Collocation Space except to the extent caused by BellSouth's sole negligence, gross negligence, or willful misconduct.

- 3.5 Adjacent Collocation. BellSouth will permit adjacent collocation arrangements ("Adjacent Arrangement") on the Premises' property where physical collocation space within the Premises is legitimately exhausted, subject to technical feasibility, where the Adjacent Arrangement does not interfere with access to existing or planned structures or facilities on the Premises property and where permitted by zoning and other applicable state and local regulations. The Adjacent Arrangement shall be constructed or procured by BTI and in conformance with BellSouth's design and construction specifications. Further, BTI shall construct, procure, maintain and operate said Adjacent Arrangement(s) pursuant to all of the terms and conditions set forth in this Attachment. Rates shall be negotiated at the time of the request for the Adjacent Arrangement.
- 3.5.1 Should BTI elect such option, BTI must arrange with a BellSouth Certified Contractor to construct an Adjacent Arrangement structure in accordance with BellSouth's guidelines and specifications. BellSouth will provide guidelines and specifications upon request. Where local building codes require enclosure specifications more stringent than BellSouth's standard specification, BTI and BTI's BellSouth Certified Contractor must comply with the more stringent local building code requirements. BTI's BellSouth Certified Contractor shall be responsible for filing and receiving any and all necessary zoning, permits and/or licenses for such construction. BTI's BellSouth Certified Contractor shall bill BTI directly for all work performed for BTI pursuant to this Attachment and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the BellSouth Certified Contractor. BTI must provide the local BellSouth building contact with two cards, keys or other access device used to enter the locked enclosure. Except in cases of emergency, BellSouth shall not access BTI's locked enclosure prior to notifying BTI.
- 3.5.2 BTI must submit its plans and specifications to BellSouth with its Firm Order. BellSouth may elect to review BTI's plans and specifications prior to construction of an Adjacent Arrangement(s) to ensure compliance with BellSouth's guidelines and specifications. BellSouth shall complete its review within fifteen (15) calendar days. If BellSouth reviews BTI's plans and specifications prior to construction, then BellSouth will have the right to inspect the Adjacent Arrangement after construction to make sure it is constructed according to the submitted plans and specifications. If BellSouth elects not to review BTI's plans and specifications prior to construction, BTI will be entitled to request BellSouth to review; and in the event BTI does not request a BellSouth review, BellSouth shall have the right to inspect the Adjacent Arrangement after construction to make sure it is constructed according to BellSouth's guidelines and specifications. BellSouth may require BTI to remove or correct within seven (7) calendar days at BTI's expense any structure that does not meet these plans and specifications or, where applicable, BellSouth's guidelines and specifications

- 3.5.3 BTI shall provide a concrete pad, the structure housing the arrangement, heating/ventilation/air conditioning ("HVAC"), lighting, and all facilities that connect the structure (i.e. racking, conduits, etc.) to the BellSouth point of demarcation. At BTI's option, and where the local authority having jurisdiction permits, BellSouth shall provide an AC power source and access to physical collocation services and facilities subject to the same nondiscriminatory requirements as applicable to any other physical collocation arrangement. BTI's BellSouth Certified Contractor shall be responsible for filing and receiving any and all necessary zoning, permits and/or licenses for such arrangement.
- 3.5.4 BellSouth shall allow Shared (Subleased) Caged Collocation within an Adjacent Arrangement pursuant to the terms and conditions set forth in Section 3.4 preceding.
- 3.6 BTI may seek a particular physical collocation arrangement, and is entitled to a presumption that such arrangement is technically feasible, if any local exchange company has deployed such collocation arrangement in any incumbent local exchange carrier premises.

4. **Occupancy**

- 4.1. **Commencement Date.** The "Commencement Date" shall be the day BTI's equipment becomes operational as described in Article 4.2, following.
- 4.2. **Occupancy.** BellSouth will notify BTI in writing that the Collocation Space is ready for occupancy. BTI must notify BellSouth in writing that collocation equipment installation is complete and is operational with BellSouth's network. BellSouth may, at its option, not accept orders for interconnected service until receipt of such notice. For purposes of this paragraph, BTI's telecommunications equipment will be deemed operational when cross-connected to BellSouth's network for the purpose of service provision.
- 4.3. **Termination of Occupancy.** In addition to any other provisions addressing Termination of Occupancy in this Attachment, Termination of Occupancy may occur in the following circumstances:
- 4.3.1 BTI may terminate occupancy in a particular Collocation Space by submitting a Subsequent Application requesting termination of occupancy.
- 4.3.2 Upon termination of such occupancy, BTI at its expense shall remove its equipment and other property from the Collocation Space. BTI shall have thirty (30) calendar days from the termination date to complete such removal, including the removal of all equipment and facilities of BTI's Guests; unless BTI's guest has assumed responsibility for the collocation space housing the guest equipment and executed the documentation required by BellSouth prior to such date. BTI shall continue payment of monthly fees to BellSouth until such date as BTI has fully vacated the Collocation Space. Should BTI or BTI's Guest fail to vacate the Collocation Space within thirty (30) calendar days from the termination date, BellSouth shall have the right to remove the equipment and other property of BTI or BTI's Guest at BTI's

expense and with no liability for damage or injury to BTI or BTI's Guest's property unless caused by the gross negligence or intentional misconduct of BellSouth. Upon termination of BTI's right to occupy Collocation Space, BTI shall surrender such Collocation Space to BellSouth in the same condition as when first occupied by BTI except for ordinary wear and tear, unless otherwise agreed to by the Parties. BTI shall be responsible for the cost of removing any enclosure, together with all support structures (e.g., racking, conduits), at the termination of occupancy and restoring the grounds to their original condition.

5. Use of Collocation Space

- 5.1 **Equipment Type.** BellSouth permits the collocation of any type of equipment necessary for interconnection to BellSouth's network or for access to unbundled network elements in the provision of telecommunications services. Such equipment includes, but is not limited to transmission equipment including, but not limited to, optical terminating equipment and multiplexers, and digital subscriber line access multiplexers, routers, asynchronous transfer mode multiplexers, and remote switching modules. Nothing in this section requires BellSouth to permit collocation of equipment used solely to provide enhanced services.
- 5.1.1 Such equipment must at a minimum meet the following BellCore (Telcordia) Network Equipment Building Systems (NEBS) General Equipment Requirements: Criteria Level 1 requirements as outlined in the BellCore (Telcordia) Special Report SR-3580, Issue 1; equipment design spatial requirements per GR-63-CORE, Section 2; thermal heat dissipation per GR-063-CORE, Section 4, Criteria 77-79; acoustic noise per GR-063-CORE, Section 4, Criterion 128, and National Electric Code standards. Except where otherwise required by a Commission, BellSouth shall comply with the applicable FCC rules relating to denial of collocation based on BTI's failure to comply with this section.
- 5.1.2 BTI shall not request more DS0, DS1, DS3 and optical terminations for a collocation arrangement than the total port or termination capacity of the transmission equipment physically installed in the arrangement. The total capacity of the transmission equipment collocated in the arrangement will include equipment contained in the application in question as well as equipment already placed in the arrangement. Collocated cross-connect devices are not considered transmission equipment. If full network termination capacity of the transmission equipment being installed is not requested in the application, additional network terminations for the installed equipment will require the submission of another application. In the event that BTI submits an application for terminations that exceed the total capacity of the collocated equipment, BTI will be informed of the discrepancy and will be required to submit a revision to the application.
- 5.1.3 BTI shall not use the Collocation Space for marketing purposes nor shall it place any identifying signs or markings in the area surrounding the Collocation Space or on the grounds of the Premises.

- 5.1.4 BTI shall place a plaque or other identification affixed to BTI's equipment necessary to identify BTI's equipment, including a list of emergency contacts with telephone numbers.
- 5.2 Entrance Facilities. BTI may elect to place BTI-owned or BTI-leased fiber entrance facilities into the Collocation Space. BellSouth will designate the point of interconnection in close proximity to the Premises building housing the Collocation Space, such as an entrance manhole or a cable vault which are physically accessible by both Parties. BTI will provide and place fiber cable at the point of entrance of sufficient length to be pulled through conduit and into the splice location. BTI will provide and install a sufficient length of fire retardant riser cable, to which the entrance cable will be spliced, which will extend from the splice location to BTI's equipment in the Collocation Space. In the event BTI utilizes a non-metallic, riser-type entrance facility, a splice will not be required. BTI must contact BellSouth for instructions prior to placing the entrance facility cable in the manhole. BTI is responsible for maintenance of the entrance facilities. At BTI's option BellSouth will accommodate where technically feasible a microwave entrance facility pursuant to separately negotiated terms and conditions. In the case of adjacent collocation, unless BellSouth determines that limited space is available for the entrance facilities, copper facilities may be used between the adjacent collocation arrangement and the central office termination point.
- 5.2.1 Dual Entrance. BellSouth will provide at least two interconnection points at each Premises where there are at least two such interconnection points available and where capacity exists. Upon receipt of a request for physical collocation under this Attachment, BellSouth shall provide BTI with information regarding BellSouth's capacity to accommodate dual entrance facilities. If conduit in the serving manhole(s) is available and is not reserved for another purpose for utilization within 12 months of the receipt of an application for collocation, BellSouth will make the requested conduit space available for installing a second entrance facility to BTI's arrangement. The location of the serving manhole(s) will be determined at the sole discretion of BellSouth. Where dual entrance is not available due to lack of capacity, BellSouth will so state in the Application Response.
- 5.2.2 Shared Use. BTI may utilize spare capacity on an existing interconnector entrance facility for the purpose of providing an entrance facility to another BTI collocation arrangement within the same BellSouth Premises. BTI must arrange with BellSouth for BellSouth to splice the utilized entrance facility capacity to BTI-provided riser cable.
- 5.2.3 Splicing in the Entrance Manhole. Although not generally permitted, should BTI request a splice to occur in the entrance manhole(s), BellSouth, at its sole discretion, may grant such a request, provided that BellSouth will not unreasonably withhold approval of requests to make such a splice. When the request for a splice is granted to BTI by BellSouth, BTI shall ensure its employees or agents entering and/or performing work in the entrance manhole(s) are trained and comply with BellSouth procedures which shall be no less than industry standards and OSHA requirements

regarding access to manholes and that BellSouth personnel are notified and present for all entrances and work performed in the entrance manhole(s). Manhole covers shall be properly closed and secured at the conclusion of entry and/or work. Advance notification to BellSouth shall occur at a minimum of 48 hours prior to desired entry for normal work activities and at a minimum of 2 hours prior to desired entry in an out of service condition.

- 5.3 Demarcation Point. BellSouth will designate the point(s) of demarcation between BTI's equipment and/or network and BellSouth's network. Each Party will be responsible for maintenance and operation of all equipment/facilities on its side of the demarcation point. For 2-wire and 4-wire connections to BellSouth's network, the demarcation point shall be a common block on the BellSouth designated conventional distributing frame. BTI shall be responsible for providing, and a supplier certified by BellSouth ("BTI's BellSouth Certified Supplier") shall be responsible for installing and properly labeling/stenciling, the common block, and necessary cabling pursuant to Section 6.5. For all other terminations BellSouth shall designate a demarcation point on a per arrangement basis. Where it designates the demarcation point on a per arrangement basis, BellSouth will make best efforts to designate the demarcation point closest to BTI's collocated equipment. BTI or its agent must perform all required maintenance to equipment/facilities on its side of the demarcation point, pursuant to Section 5.4, following, and may self-provision cross-connects that may be required within the Collocation Space to activate service requests. At BTI's option and expense, a Point of Termination ("POT") bay or frame may be placed in the Collocation Space. BTI must make arrangements with a BellSouth Certified Supplier for such placement.
- 5.4 BTI's Equipment and Facilities. BTI, or if required by this Attachment, BTI's BellSouth Certified Supplier, is solely responsible for the design, engineering, installation, testing, provisioning, performance, monitoring, maintenance and repair of the equipment and facilities used by BTI which must be performed in compliance with all applicable BellSouth policies and guidelines. Such equipment and facilities may include but are not limited to cable(s); equipment; and point of termination connections. BTI and its selected BellSouth Certified Supplier must follow and comply with all BellSouth requirements outlined in BellSouth's TR 73503, TR 73519, TR 73572, and TR 73564, copies of which BellSouth will supply upon request.
- 5.5 BellSouth's Access to Collocation Space. From time to time BellSouth may require access to the Collocation Space. BellSouth retains the right to access such space for the purpose of making BellSouth equipment and building modifications (e.g., running, altering or removing racking, ducts, electrical wiring, HVAC, and cables). BellSouth will give notice to BTI at least three (3) calendar days before access to the Collocation Space is required. BTI may elect to be present whenever BellSouth performs work in the Collocation Space. The Parties agree that BTI will not bear any of the expense associated with this work.

- 5.6 **Access.** Pursuant to Section 11, BTI shall have access to the Collocation Space twenty-four (24) hours a day, seven (7) days a week. BTI agrees to provide the name and social security number or date of birth or driver's license number of each employee, contractor, or agents of BTI or BTI's Guests provided with access keys or devices ("Access Keys") prior to the issuance of said Access Keys. Key acknowledgement forms must be signed by BTI and returned to BellSouth Access Management within 15 calendar days of BTI's receipt. Failure to return properly acknowledged forms will result in the holding of subsequent requests until acknowledgements are current. Access Keys shall not be duplicated under any circumstances. BTI agrees to be responsible for all Access Keys and for the return of all said Access Keys in the possession of BTI employees, contractors, Guests, or agents after termination of the employment relationship, contractual obligation with BTI or upon the termination of this Attachment or the termination of occupancy of an individual collocation arrangement.
- 5.6.1 **Lost or Stolen Access Keys.** BTI shall notify BellSouth in writing within 24 hours of becoming aware in the case of lost or stolen Access Keys. Should it become necessary for BellSouth to re-key buildings or deactivate a card as a result of a lost Access Key(s) or for failure to return an Access Key(s), BTI shall pay for all reasonable costs associated with the re-keying or deactivating the card.
- 5.7 **Interference or Impairment.** Notwithstanding any other provisions of this Attachment, BTI shall not use any product or service provided under this Agreement, any other service related thereto or used in combination therewith, or place or use any equipment or facilities in the Collocation Space in any manner that 1) significantly degrades, interferes with or impairs service provided by BellSouth or by any other entity or any person's use of its telecommunications service; 2) endangers or damages the equipment, facilities or other property of BellSouth or of any other entity or person; 3) compromises the privacy of any communications; or 4) creates an unreasonable risk of injury or death to any individual or to the public. If BellSouth reasonably determines that any equipment or facilities of BTI violates the provisions of this paragraph, BellSouth shall give written notice to BTI, which notice shall direct BTI to cure the violation within forty-eight (48) hours of BTI's actual receipt of written notice or, at a minimum, to commence curative measures within 24 hours and to exercise reasonable diligence to complete such measures as soon as possible thereafter. After receipt of the notice, the Parties agree to consult immediately and, if necessary, to inspect the arrangement.
- 5.7.1 Except in the case of the deployment of an advanced service which significantly degrades the performance of other advanced services or traditional voice band services, if BTI fails to take curative action within 48 hours or if the violation is of a character which poses an immediate and substantial threat of damage to property, injury or death to any person, or any other significant degradation, interference or impairment of BellSouth's or another entity's service, then and only in that event BellSouth may take such action as it deems appropriate to correct the violation, including without limitation the interruption of electrical power to BTI's equipment. BellSouth will endeavor, but is not required, to provide notice to BTI prior to taking

such action and shall have no liability to BTI for any damages arising from such action, except to the extent that such action by BellSouth constitutes willful misconduct or gross negligence.

- 5.7.2 For purposes of this Section 5.7, the term significantly degrade shall mean an action that noticeably impairs a service from a user's perspective. In the case of the deployment of an advanced service which significantly degrades the performance of other advanced services or traditional voice band services and BTI fails to take curative action within 48 hours then BellSouth will establish before the relevant Commission that the technology deployment is causing the significant degradation. Any claims of network harm presented to BTI or, if subsequently necessary, the relevant Commission, must be supported with specific and verifiable information. Where BellSouth demonstrates that a deployed technology is significantly degrading the performance of other advanced services or traditional voice band services, BTI shall discontinue deployment of that technology and migrate its customers to technologies that will not significantly degrade the performance of other such services. Where the only degraded service itself is a known disturber, and the newly deployed technology satisfies at least one of the criteria for a presumption that is acceptable for deployment under section 47 C.F.R. 51.230, the degraded service shall not prevail against the newly-deployed technology.
- 5.8 Personalty and its Removal. Facilities and equipment placed by BTI in the Collocation Space shall not become a part of the Collocation Space, even if nailed, screwed or otherwise fastened to the Collocation Space, but shall retain their status as personal property and may be removed by BTI at any time. Any damage caused to the Collocation Space by BTI's employees, agents or representatives during the removal of such property shall be promptly repaired by BTI at its expense.
- 5.9 Alterations. In no case shall BTI or any person acting on behalf of BTI make any rearrangement, modification, improvement, addition, repair, or other alteration which could affect in any way space, power, HVAC, and/or safety considerations to the Collocation Space or the BellSouth Premises without the written consent of BellSouth, which consent shall not be unreasonably withheld. The cost of any such specialized alterations shall be paid by BTI. Any material rearrangement, modification, improvement, addition, repair, or other alteration shall require a Subsequent Application and Subsequent Application Fee, pursuant to sub-section 6.2.2.
- 5.10 Janitorial Service. BTI shall be responsible for the general upkeep of the Collocation Space. BTI shall arrange directly with a BellSouth Certified Contractor for janitorial services applicable to Caged Collocation Space. BellSouth shall provide a list of such contractors on a site-specific basis upon request.

6. Ordering and Preparation of Collocation Space

- 6.1 Should any state or federal regulatory agency impose procedures or intervals applicable to BTI that are different from procedures or intervals set forth in this section, whether now in effect or that become effective after execution of this Agreement, those procedures or intervals shall supersede the requirements set forth herein for that jurisdiction for all applications submitted for the first time after the effective date thereof.
- 6.2 Application for Space. BTI shall submit an application document when BTI or BTI's Guest(s), as defined in Section 3.4, desires to request or modify the use of the Collocation Space.
- 6.2.1 Initial Application. For BTI or BTI's Guest(s) initial equipment placement, BTI shall submit to BellSouth a Physical Expanded Interconnection Application Document ("Application"). The Application is Bona Fide when it is complete and accurate, meaning that all required fields on the application are completed with the appropriate type of information. The Bona Fide Application shall contain a detailed description and schematic drawing of the equipment to be placed in BTI's Collocation Space(s) and an estimate of the amount of square footage required. BellSouth will act responsibly in its determination of the completeness and accuracy of the application document as described in this section.
- 6.2.2 Subsequent Application. In the event BTI or BTI's Guest(s) desires to modify the use of the Collocation Space ("Augmentation"), BTI shall complete an Application detailing all information regarding the modification to the Collocation Space ("Subsequent Application"). The minimum Subsequent Application Fee shall be considered a partial payment of the applicable Subsequent Application Fee which shall be calculated as set forth below. BellSouth shall determine what modifications, if any, to the Premises are required to accommodate the change requested by BTI in the Application. Such necessary modifications to the Premises may include but are not limited to, floor loading changes, changes necessary to meet HVAC requirements, changes to power plant requirements, equipment additions, etc. The fee paid by BTI for its request to modify the use of the Collocation Space shall be dependent upon the level of assessment needed for the modification requested. Where the Subsequent Application does not require assessment for provisioning or construction work by BellSouth, no Subsequent Application Fee will be required. The fee for an Application where the modification requested has limited effect (e.g., does not require assessment related to capital expenditure by BellSouth) shall be the Subsequent Application Fee as set forth in Exhibit A. If the modification requires capital expenditure assessment, a full Application Fee shall apply. In the event such modifications require the assessment of a full Application Fee as set forth in Exhibit A, the outstanding balance shall be due by BTI within 30 calendar days following BTI's receipt of a bill or invoice from BellSouth. The Subsequent Application is Bona Fide when it is complete and accurate, meaning that all required fields on the Application are completed with the appropriate type of information.

- 6.3 Application Response. In Alabama, Kentucky, North Carolina, and Tennessee, when space has been determined to be available, BellSouth will provide a written response ("Application Response") within twenty-three (23) business days of the receipt of a Bona Fide Application, which will include, at a minimum, the configuration of the space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7.
- 6.3.1 Application Response. Except as otherwise provided, for all States that have ordered provisioning intervals but not application response intervals, the following will apply. In addition to the notice of space availability pursuant to Section 2.1, BellSouth will respond as to whether the Application is Bona Fide, and if it is not Bona Fide, the items necessary to cause the Application to become Bona Fide. When space has been determined to be available, BellSouth will provide a written response ("Application Response") within thirty (30) calendar days of receipt of a Bona Fide Application. The Application Response will include, at a minimum, the configuration of the space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7. When multiple applications are submitted in a state within a fifteen (15) calendar day window, BellSouth will respond to the Bona Fide Applications as soon as possible, but no later than the following: within thirty (30) calendar days for Bona Fide Applications 1-5; within thirty-six (36) calendar days for Bona Fide Applications 6-10; within forty-two (42) calendar days for Bona Fide Applications 11-15. Response intervals for multiple Bona Fide Applications submitted within the same timeframe for the same state in excess of 15 must be negotiated. All negotiations shall consider the total volume from all requests from telecommunications companies for collocation.
- 6.3.2 Application Response (Florida). Within fifteen (15) calendar days of receipt of a Bona Fide Application, BellSouth will respond as to whether space is available or not available within a particular Premises. Additionally, when space has been determined to be available or when a lesser amount of space than that requested is available, then with respect to the space available, BellSouth will provide a written response ("Application Response") including sufficient information to enable BTI to place a Firm Order. The Application Response will include, at a minimum, the configuration of the space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7. When BTI submits ten (10) or more Applications within ten (10) calendar days, the initial fifteen (15) day response period will increase by ten (10) days for every additional ten (10) Applications or fraction thereof.
- 6.3.3 Application Response (Georgia) In addition to the notice of space availability pursuant to Section 2.1, BellSouth will respond as to whether the Application is Bona Fide, and if it is not Bona Fide, the items necessary to cause the Application to become Bona Fide. When space has been determined to be available for caged or cageless arrangements, BellSouth will provide a written response ("Application Response") within thirty (30) calendar days of receipt of a Bona Fide Application. The Application Response will include, at a minimum, the configuration of the

space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7.

- 6.3.4 Application Response (Louisiana). In addition to the notice of space availability pursuant to Section 2.1, BellSouth will respond as to whether the Application is Bona Fide, and if it is not Bona Fide, the items necessary to cause the Application to become Bona Fide. BellSouth will respond as to whether space is available or not available within a particular Premises in accordance with Section 2. The Application Response will include, at a minimum, the configuration of the space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7. BellSouth will respond with a full Application Response within 30 calendar days for one to ten Applications; 35 calendar days for eleven to twenty Applications; and for requests of more than twenty Application it is increased by five calendar days for every five Applications received within five business days.
- 6.3.5 Application Response (Mississippi). In addition to the notice of space availability pursuant to Section 2. BellSouth will respond as to whether the Application is Bona Fide, and if it is not Bona Fide, the items necessary to cause the Application to become Bona Fide. When space has been determined to be available, BellSouth will provide a written response ("Application Response") within thirty (30) business days of receipt of a Bona Fide Application. The Application Response will include, at a minimum, the configuration of the space, the Cable Installation Fee, Cable Records Fee, and the space preparation fees, as described in Section 7. When multiple applications are submitted in a state within a fifteen (15) business day window, BellSouth will respond to the Bona Fide Applications as soon as possible, but no later than the following: within thirty (30) business days for Bona Fide Applications 1-5; within thirty-six (36) business days for Bona Fide Applications 6-10; within forty-two (42) business days for Bona Fide Applications 11-15. Response intervals for multiple Bona Fide Applications submitted within the same timeframe for the same state in excess of 15 must be negotiated. All negotiations shall consider the total volume from all requests from telecommunications companies for collocation.
- 6.4 Application Modifications. In Alabama, Kentucky, North Carolina, and Tennessee, if a modification or revision is made to any information in the Bona Fide Application prior to Bona Fide Firm Order, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, said Application shall be considered a new Application and shall be handled as a new Application for purposes of the provisioning interval and BellSouth may charge BTI an application fee. Where the Application Modification does not require assessment for provisioning or construction work by BellSouth, no application fee will be required. The fee for an Application Modification where the modification requested has limited effect (e.g., requires limited assessment and no capital expenditure by BellSouth) shall be the Subsequent Application Fee as set forth in Exhibit A. Major changes such as requesting additional space or adding equipment may require BTI to submit the Application with an Application Fee.

- 6.4.1 Application Modifications. For all States that have ordered provisioning intervals but not application response intervals, and except as otherwise specified, the following will apply: If a modification or revision is made to any information in the Bona Fide Application for Physical Collocation or the Bona Fide Application for Adjacent Collocation, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, BellSouth will respond to the Bona Fide Application within thirty (30) calendar days after BellSouth receives such revised application or at such other date as the Parties agree. If, at any time, BellSouth needs to reevaluate BTI's Bona Fide Application as a result of changes requested by BTI to BTI's original application, then BellSouth will charge BTI a Subsequent Application Fee. Major changes such as requesting additional space or adding additional equipment may require BTI to resubmit the Application with an Application Fee.
- 6.4.2 Application Modifications (Florida). If a modification or revision is made to any information in the Bona Fide Application for Physical Collocation or the Bona Fide Application for Adjacent Collocation, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, BellSouth will respond to the Bona Fide Application within fifteen (15) calendar days after BellSouth receives such revised Application or at such other date as the Parties agree. If, at any time, BellSouth needs to reevaluate BTI's Bona Fide Application as a result of changes requested by BTI to BTI's original Application, then BellSouth will charge BTI a Subsequent Application Fee. Major changes such as requesting additional space or adding additional equipment may require BTI to resubmit the Application with an Application Fee.
- 6.4.3 Application Modifications (Georgia). If a modification or revision is made to any information in the Bona Fide Application for Physical Collocation or the Bona Fide Application for Adjacent Collocation, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, BellSouth will respond to the Bona Fide Application within thirty (30) calendar days after BellSouth receives such revised Application or at such other date as the Parties agree. If, at any time, BellSouth needs to reevaluate BTI's Bona Fide Application as a result of changes requested by BTI to BTI's original Application, then BellSouth will charge BTI a Subsequent Application Fee. Major changes such as requesting additional space or adding additional equipment may require BTI to resubmit the Application with an Application Fee.
- 6.4.4 Application Modifications (Mississippi). If a modification or revision is made to any information in the Bona Fide Application for Physical Collocation or the Bona Fide Application for Adjacent Collocation, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, BellSouth will respond to the Bona Fide Application within thirty (30) business days after BellSouth receives such revised Application or at such other date as the Parties agree. If, at any time,

BellSouth needs to reevaluate BTI's Bona Fide Application as a result of changes requested by BTI to BTI's original Application, then BellSouth will charge BTI a Subsequent Application Fee. Major changes such as requesting additional space or adding additional equipment may require BTI to resubmit the Application with an Application Fee.

- 6.4.5 Application Modifications (Louisiana). If a modification or revision is made to any information in the Bona Fide Application for Physical Collocation or the Bona Fide Application for Adjacent Collocation, with the exception of modifications to Customer Information, Contact Information or Billing Contact Information, either at the request of BTI or necessitated by technical considerations, BellSouth will respond to the Bona Fide Application within thirty (30) calendar days after BellSouth receives such revised application or at such other date as the Parties agree. BellSouth will respond to such modifications or revisions within 30 calendar days for one to ten revised Applications; 35 calendar days for eleven to twenty revised Applications; and for requests of more than twenty revised Applications it is increased by five calendar days for every five revised Applications received within five business days. If, at any time, BellSouth needs to reevaluate BTI's Bona Fide Application as a result of changes requested by BTI to BTI's original application, then BellSouth will charge BTI a Subsequent Application Fee. Major changes such as requesting additional space or adding additional equipment may require BTI to resubmit the application with an Application Fee.
- 6.5 Bona Fide Firm Order. In Alabama, Kentucky, North Carolina, and Tennessee, BTI shall indicate its intent to proceed with equipment installation in a Company Premises by submitting a Physical Expanded Interconnection Firm Order document ("Firm Order") to the Company. A Firm Order shall be considered Bona Fide when BTI has completed the Application/Inquiry process described in Section 6.2, preceding, and has submitted the Firm Order document indicating acceptance of the Application Response provided by the Company. The Bona Fide Firm Order must be received by the Company no later than five (5) business days after the Company's Application Response to BTI's Bona Fide Application.
- 6.5.1 Bona Fide Firm Order. Except as otherwise provided, in all States that have ordered provisioning intervals but not addressed Firm Order intervals, the following shall apply. BTI shall indicate its intent to proceed with equipment installation in a BellSouth Premises by submitting a Physical Expanded Interconnection Firm Order document ("Firm Order") to BellSouth. A Firm Order shall be considered Bona Fide when BTI has completed the Application/Inquiry process described in Section 6.2, preceding and has submitted the Firm Order document indicating acceptance of the Application Response provided by BellSouth. The Bona Fide Firm Order must be received by BellSouth no later than thirty (30) calendar days after BellSouth's Application Response to BTI's Bona Fide Application or the Application will expire.
- 6.5.2 Bona Fide Firm Order (Mississippi). BTI shall indicate its intent to proceed with equipment installation in a BellSouth Premises by submitting a Physical Expanded Interconnection Firm Order document ("Firm Order") to BellSouth. A Firm Order

shall be considered Bona Fide when BTI has completed the Application/Inquiry process described in Section 6.2, preceding and has submitted the Firm Order document indicating acceptance of the Application Response provided by BellSouth. The Bona Fide Firm Order must be received by BellSouth no later than thirty (30) business days after BellSouth's Application Response to BTI's Bona Fide Application or the Application will expire.

- 6.5.3 BellSouth will establish a firm order date based upon the date BellSouth is in receipt of a Bona Fide Firm Order. BellSouth will acknowledge the receipt of BTI's Bona Fide Firm Order within seven (7) calendar days of receipt indicating that the Bona Fide Firm Order has been received. A BellSouth response to a Bona Fide Firm Order will include a Firm Order Confirmation containing the firm order date. No revisions will be made to a Bona Fide Firm Order.
- 6.5.4 BellSouth will permit one accompanied site visit to BTI's designated collocation arrangement location after receipt of the Bona Fide Firm Order without charge to BTI.
- 6.5.5 BTI must submit to BellSouth the completed Access Control Request Form for all employees or agents requiring access to the BellSouth Premises a minimum of 30 calendar days prior to the date BTI desires access to the Collocation Space. BTI may submit such a request at any time subsequent to BellSouth's receipt of the Bona Fide Firm Order. In the event BTI desires access to the Collocation Space after submitting such a request but prior to access being approved, BellSouth shall permit BTI to access the Collocation Space, accompanied by a security escort at BTI's expense. BTI must request escorted access at least three (3) business days prior to the date such access is desired.
- 6.6
- 6.6.1 Construction and Provisioning Interval. In Kentucky, Tennessee and North Carolina, the Company will complete construction for collocation arrangements within seventy-six (76) business days from receipt of an Application or as agreed to by the Parties. Under extraordinary conditions, the Company will complete construction for collocation arrangements within ninety-one (91) business days. Examples of extraordinary conditions include, but are not limited to, extended license or permitting intervals; major Company equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. In the event BTI submits a forecast as described in the following section three (3) months or more prior to the application date, the above intervals shall apply. In the event BTI submits such a forecast between two (2) months and three (3) months prior to the application date, the above intervals may be extended by one (1) additional month. In the event BTI submits such a forecast less than two (2) months prior to the application date, the above intervals may be extended by sixty (60) calendar days. The Company will attempt to meet standard intervals for unforecasted requests and

any interval adjustments will be discussed with BTI at the time the application is received. Raw space, which is space lacking the necessary infrastructure to provide collocation space including but not limited to HVAC, Power, etc.), conversion time frames fall outside the normal intervals and are negotiated on an individual case basis. Additionally, installations to existing collocation arrangements for line sharing or line splitting, which include adding cable, adding cable and splitter, and adding a splitter, will be forty five (45) business days from receipt of an Application.

- 6.6.1.2 To be considered a timely and accurate forecast, BTI must submit to the Company the CLEC Forecast Form, as set forth in Exhibit C attached hereto, containing the following information: Central Office/Serving Wire Center CLLI, number of Caged square feet and/or Cageless bays, number of DS0, DS1, DS3 frame terminations, number of fused amps and planned application date.
- 6.6.2 In Alabama, BellSouth will complete construction for cageless collocation arrangements under ordinary conditions as soon as possible and within a maximum of sixty (60) calendar days from receipt of a Bona Fide Firm Order and ninety (90) calendar days for extraordinary conditions or as agreed to by the Parties. Ordinary conditions are defined as space available with only minor changes to support systems required, such as but not limited to, HVAC, cabling and the power plant(s). Extraordinary conditions are defined to include but are not limited to major BellSouth equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. The Parties may mutually agree to renegotiate an alternative provisioning interval or BellSouth may seek a waiver from this interval from the Commission.
- 6.6.2.1 In Alabama, for caged collocation arrangements, the Company will complete construction within seventy-six (76) business days from receipt of an Application or as agreed to by the Parties. Under extraordinary conditions, the Company will complete construction for collocation arrangements within ninety-one (91) business days. Examples of extraordinary conditions include, but are not limited to, extended license or permitting intervals; major Company equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. In the event BTI submits a forecast as described in the following section three (3) months or more prior to the application date, the above intervals shall apply. In the event BTI submits such a forecast between two (2) months and three (3) months prior to the application date, the above intervals may be extended by one (1) additional month. In the event BTI submits such a forecast less than two (2) months prior to the application date, the above intervals may be extended by sixty (60) calendar days. The Company will attempt to meet standard intervals for unforeseen requests and any interval adjustments will be discussed with BTI at the time the application is received. Raw space, which is space lacking the necessary infrastructure to provide collocation space including but not limited to HVAC, Power,

etc.), conversion time frames fall outside the normal intervals and are negotiated on an individual case basis. Additionally, installations to existing collocation arrangements for line sharing or line splitting, which include adding cable, adding cable and splitter, and adding a splitter, will be forty five (45) business days from receipt of an Application.

- 6.6.2.2 To be considered a timely and accurate forecast, BTI must submit to the Company the CLEC Forecast Form, as set forth in Exhibit C attached hereto, containing the following information: Central Office/Serving Wire Center CLLI, number of Caged square feet, number of DS0, DS1, DS3 frame terminations, number of fused amps and planned application date.
- 6.6.3 Construction and Provisioning Interval (Florida). BellSouth will complete construction for collocation arrangements as soon as possible and within a maximum of 90 calendar days from receipt of a Bona Fide Firm Order or as agreed to by the Parties. For changes to collocation space after initial space completion, BellSouth will complete construction for collocation arrangements as soon as possible and within a maximum of 45 calendar days from receipt of a Bona Fide Firm Order or as agreed to by the Parties. If BellSouth does not believe that construction will be completed within the relevant time frame and BellSouth and BTI cannot agree upon a completion date, within 45 calendar days of receipt of the Bona Fide Firm Order for an initial request, and within 30 calendar days for Augmentations, BellSouth may seek an extension from the Florida PSC.
- 6.6.4 Construction and Provisioning Interval (Georgia). BellSouth will use best efforts to complete construction for caged collocation arrangements under ordinary conditions as soon as possible and within a maximum of 90 calendar days from receipt of a Bona Fide Firm Order or as agreed to by the Parties. BellSouth will use best efforts to complete construction for cageless collocation arrangements under ordinary conditions as soon as possible and within a maximum of 60 calendar days from receipt of a Bona Fide Firm Order and 90 calendar days for extraordinary conditions or as agreed to by the Parties. Ordinary conditions are defined as space available with only minor changes to support systems required, such as but not limited to, HVAC, cabling and the power plant(s). Extraordinary conditions are defined to include but are not limited to major BellSouth equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. BellSouth may elect to renegotiate an alternative provisioning interval with BTI or seek a waiver from this interval from the Commission.
- 6.6.5 Construction and Provisioning Interval (Louisiana). BellSouth will complete construction for collocation arrangements under ordinary conditions as soon as possible and within a maximum of 120 calendar days from receipt of a Bona Fide Firm Order for an initial request, and within 60 calendar days for an Augmentation, or as agreed to by the Parties. Ordinary conditions are defined as space available with only minor changes to support systems required, such as but not limited to, HVAC,

cabling and the power plant(s). BellSouth will complete construction of all other Collocation Space ("extraordinary conditions") within 180 calendar days of the receipt of a Bona Fide Firm Order. Examples of extraordinary conditions include but are not limited to, extended license or permitting intervals; major BellSouth equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. BellSouth may elect to renegotiate an alternative provisioning interval with BTI or seek a waiver from this interval from the Commission.

- 6.6.6 Construction and Provisioning Interval (Mississippi). Excluding the time interval required to secure the appropriate government licenses and permits, BellSouth will complete construction for collocation arrangements under ordinary conditions as soon as possible and within a maximum of 120 calendar days from receipt of a Bona Fide Firm Order or as agreed to by the Parties. Ordinary conditions are defined as space available with only minor changes to support systems required, such as but not limited to, HVAC, cabling and the power plant(s). Excluding the time interval required to secure the appropriate government licenses and permits, BellSouth will complete construction of all other Collocation Space ("extraordinary conditions") within 180 calendar days of the receipt of a Bona Fide Firm Order. Examples of extraordinary conditions include but are not limited to, extended license or permitting intervals; major BellSouth equipment rearrangement or addition; power plant addition or upgrade; major mechanical addition or upgrade; major upgrade for ADA compliance; environmental hazard or hazardous materials abatement; and arrangements for which equipment shipping intervals are extraordinary in length. BellSouth may elect to renegotiate an alternative provisioning interval with BTI or seek a waiver from this interval from the Commission.
- 6.6.7 Construction and Provisioning Interval (South Carolina). BellSouth will complete the construction and provisioning activities for cageless and caged collocation arrangements as soon as possible, but no later than 90 calendar days from receipt of a bona fide firm order. BellSouth may elect to renegotiate an alternative provisioning interval with BTI or seek a waiver from this interval from the Commission.
- 6.7 Joint Planning Meeting. Unless otherwise agreed to by the Parties, a joint planning meeting or other method of joint planning between BellSouth and BTI will commence within a maximum of 15 business days from BellSouth's receipt of a Bona Fide Firm Order and the payment of agreed upon fees. At such meeting, the Parties will agree to the preliminary design of the Collocation Space and the equipment configuration requirements as reflected in the Application and affirmed in the Bona Fide Firm Order. The Collocation Space Completion time period will be provided to BTI during the joint planning meeting or as soon as possible thereafter. If "extraordinary conditions" will delay completion beyond the seventy-six (76) business day construction and provisioning interval provided in Section 6.6.1, BellSouth will so advise BTI at or before the joint planning meeting. If "extraordinary conditions" that will delay completion beyond the seventy-six (76)

business day construction and provisioning interval provided in Section 6.6.1 are not reasonably determined by the time of the joint planning meeting, BellSouth will provide BTI notice as soon as reasonably possible upon discovering a condition that would negatively impact the interval, provided that such "extraordinary conditions" will, consistent with Section 6.6.1, not delay completion beyond ninety-one (91) business days. BellSouth will complete all design work following the joint planning meeting.

- 6.8 Permits. Each Party or its agents will diligently pursue filing for the permits required for the scope of work to be performed by that Party or its agents within ten (10) calendar days of the completion of finalized construction designs and specifications.
- 6.9 Acceptance Walk Through. BTI and BellSouth will complete an acceptance walk through of each Collocation Space requested from BellSouth by BTI. BellSouth will correct any deviations to BTI's original or jointly amended requirements within five (5) business days after the walk through, unless the Parties jointly agree upon a different time frame.
- 6.10 Use of BellSouth Certified Supplier. BTI shall select a supplier which has been approved as a BellSouth Certified Supplier to perform all engineering and installation work. BTI and BTI's BellSouth Certified Supplier must follow and comply with all BellSouth requirements outlined in BellSouth's TR 73503, TR 73519, TR 73572, and TR 73564. In some cases, BTI must select separate BellSouth Certified Suppliers for transmission equipment, switching equipment and power equipment. BellSouth shall provide BTI with a list of BellSouth Certified Suppliers upon request. The BellSouth Certified Supplier(s) shall be responsible for installing BTI's equipment and components, extending power cabling to the BellSouth power distribution frame, performing operational tests after installation is complete, and notifying BellSouth's equipment engineers and BTI upon successful completion of installation, etc. The BellSouth Certified Supplier shall bill BTI directly for all work performed for BTI pursuant to this Attachment and BellSouth shall have no liability for nor responsibility to pay such charges imposed by the BellSouth Certified Supplier. BellSouth shall consider certifying BTI or any supplier proposed by BTI. All work performed by or for BTI shall conform to generally accepted industry guidelines and standards.
- 6.11 Alarm and Monitoring. BellSouth shall place environmental alarms in the Premises for the protection of BellSouth equipment and facilities. BTI shall be responsible for placement, monitoring and removal of environmental and equipment alarms used to service BTI's Collocation Space. Upon request, BellSouth will provide BTI with applicable tariffed service(s) to facilitate remote monitoring of collocated equipment by BTI. Both Parties shall use best efforts to notify the other of any verified environmental hazard known to that Party.

- 6.12 Basic Telephone Service. Upon request of BTI, BellSouth will provide basic telephone service to the Collocation Space under the rates, terms and conditions of the current tariff offering for the service requested.
- 6.13 Virtual to Physical Collocation Relocation. In the event physical Collocation Space was previously denied at a location due to technical reasons or space limitations, and that physical Collocation Space has subsequently become available, BTI may relocate its virtual collocation arrangements to physical collocation arrangements and pay the appropriate non-recurring fees for physical collocation and for the rearrangement or reconfiguration of services terminated in the virtual collocation arrangement, as outlined in the appropriate BellSouth tariffs. In the event that BellSouth knows when additional space for physical collocation may become available at the location requested by BTI, such information will be provided to BTI in BellSouth's written denial of physical collocation. To the extent that (i) physical Collocation Space becomes available to BTI within 180 calendar days of BellSouth's written denial of BTI's request for physical collocation, (ii) BellSouth had knowledge that the space was going to become available, and (iii) BTI was not informed in the written denial that physical Collocation Space would become available within such 180 calendar days, then BTI may transition its virtual collocation arrangement to a physical collocation arrangement and will receive a credit for any nonrecurring charges previously paid for such virtual collocation. BTI must arrange with a BellSouth Certified Supplier for the relocation of equipment from its virtual Collocation Space to its physical Collocation Space and will bear the cost of such relocation.
- 6.14 Cancellation. If, at anytime prior to space acceptance, BTI cancels its order for the Collocation Space(s), BTI will reimburse BellSouth in the following manner: BellSouth will ascertain how far preparation work has progressed. BTI will be billed the applicable non recurring rate for any and all work processes for which work has begun.
- 6.15 Licenses. BTI, at its own expense, will be solely responsible for obtaining from governmental authorities, and any other appropriate agency, entity, or person, all rights, privileges, and licenses necessary or required to operate as a provider of telecommunications services to the public or to occupy the Collocation Space.
- 6.16 Environmental Compliance. The Parties agree to utilize and adhere to the Environmental Hazard Guidelines identified as Exhibit B attached hereto.

7. **Rates and Charges**

- 7.1 BellSouth shall assess an Application Fee via a service order which shall be issued at the time BellSouth responds that space is available pursuant to section 2.1. Payment of said Application Fee will be due as dictated by BTI's current billing cycle and is non-refundable.
- 7.2 Space Preparation. Space preparation fees consist of a nonrecurring charge for Firm Order Processing and monthly recurring charges for Central Office Modifications,

assessed per arrangement, per square foot, and Common Systems Modifications, assessed per arrangement, per square foot for cageless and per cage for caged collocation. BTI shall remit payment of the nonrecurring Firm Order Processing Fee coincident with submission of a Bona Fide Firm Order. The recurring charges for space preparation apply beginning on the date on which BellSouth releases the Collocation Space for occupancy or on the date BTI first occupies the Collocation Space, whichever is sooner. The charges recover the costs associated with preparing the Collocation Space, which includes survey, engineering of the Collocation Space, design and modification costs for network, building and support systems. In the event BTI opts for cageless space, the space preparation fees will be assessed based on the total floor space dedicated to BTI as prescribed in Section 7.7.

- 7.3 **Space Preparation Fee in Florida.** Space preparation fees include a nonrecurring charge for Firm Order Processing and monthly recurring charges for Central Office Modifications, assessed per arrangement, per square foot, and Common Systems Modifications, assessed per arrangement, per square foot for cageless and per cage for caged collocation. BTI shall remit payment of the nonrecurring Firm Order Processing Fee coincident with submission of a Bona Fide Firm Order. The recurring charges for space preparation apply beginning on the date on which BellSouth releases the Collocation Space for occupancy or on the date BTI first occupies the Collocation Space, whichever is sooner. The charges recover the costs associated with preparing the Collocation Space, which includes survey, engineering of the Collocation Space, design and modification costs for network, building and support systems. In the event BTI opts for cageless space, space preparation fees will be assessed based on the total floor space dedicated to BTI as prescribed in Section 7.7
- 7.4 **Space Preparation Fee in Georgia.** In Georgia, the Space Preparation Fee is a one-time fee, assessed per arrangement, per location. It recovers a portion of costs associated with preparing the Collocation Space, which includes survey, engineering of the Collocation Space, design and modification costs for network, power, building and support systems. This is a set fee of \$100 per square foot as established by the Georgia Public Service Commission Order in Docket No. 7061-U. In the event BTI opts for non-enclosed space, the space preparation fee will be assessed based on the total floor space dedicated to BTI as prescribed in Section 7.7.
- 7.5 **Space Preparation Fee in North Carolina.** In North Carolina, space preparation fees consist of monthly recurring charges for Central Office Modifications, assessed per arrangement, per square foot; Common Systems Modifications, assessed per arrangement, per square foot for cageless and per cage for caged collocation; and Power, assessed per the nominal -48V DC ampere requirements specified by BTI on the Bona Fide Application. The space preparation charges apply beginning on the date on which BellSouth releases the Collocation Space for occupancy or on the date BTI first occupies the Collocation Space, whichever is sooner. The charges recover the costs associated with preparing the Collocation Space, which includes survey, engineering of the Collocation Space, design and modification costs for network, building and support systems. In the event BTI opts for cageless space, the space

preparation fees will be assessed based on the total floor space dedicated to BTI as described in Section 7.7.

- 7.6 **Cable Installation.** Cable Installation Fee(s) are assessed per entrance cable placed.
- 7.7 **Floor Space.** The Floor Space Charge includes reasonable charges for lighting, HVAC, and other allocated expenses associated with maintenance of the Premises but does not recover any power-related costs incurred by BellSouth. When the Collocation Space is enclosed, BTI shall pay floor space charges based upon the number of square feet so enclosed. When the Collocation Space is not enclosed, BTI shall pay floor space charges based upon the following floor space calculation: [(depth of the equipment lineup in which the rack is placed) + (0.5 x maintenance aisle depth) + (0.5 x wiring aisle depth)] X (width of rack and spacers). For purposes of this calculation, the depth of the equipment lineup shall consider the footprint of equipment racks plus any equipment overhang. BellSouth will assign unenclosed Collocation Space in conventional equipment rack lineups where feasible. In the event BTI's collocated equipment requires special cable racking, isolated grounding or other treatment which prevents placement within conventional equipment rack lineups, BTI shall be required to request an amount of floor space sufficient to accommodate the total equipment arrangement. Floor space charges are due beginning with the date on which BellSouth releases the Collocation Space for occupancy or on the date BTI first occupies the Collocation Space, whichever is sooner.
- 7.8 **Power.** BellSouth shall make available -48 Volt (-48V) DC power for BTI's Collocation Space at a BellSouth Power Board or BellSouth Battery Distribution Fuse Bay ("BDFB") at BTI's option within the Premises.
- 7.8.1 Recurring charges for -48V DC power will be assessed per ampere per month based upon the BellSouth Certified Supplier engineered and installed power feed fused ampere capacity. Rates include redundant feeder fuse positions (A&B) and common cable rack to BTI's equipment or space enclosure. When obtaining power from a BDFB, fuses and power cables (A&B) must be engineered (sized), and installed by BTI's BellSouth Certified Supplier. When obtaining power from a BellSouth power board, power cables (A&B) must be engineered (sized), and installed by BTI's BellSouth Certified power Supplier. BTI is responsible for contracting with a BellSouth Certified Supplier for power distribution feeder cable runs from a BellSouth BDFB or power board to BTI's equipment. Determination of the BellSouth BDFB or BellSouth power board as the power source will be made at BellSouth's sole, but reasonable, discretion. The BellSouth Certified Supplier contracted by BTI must provide BellSouth a copy of the engineering power specification prior to the day on which BTI's equipment becomes operational ("Commencement Date"). BellSouth will provide the common power feeder cable support structure between the BellSouth BDFB or power board and BTI's arrangement area. BTI shall contract with a BellSouth Certified Supplier who will be responsible for the following: dedicated power cable support structure within BTI's arrangement; power cable feeds; terminations of cable. Any terminations at a

BellSouth power board must be performed by a BellSouth Certified power Supplier. BTI shall comply with all applicable National Electric Code (NEC), BellSouth TR73503, Telcordia (BellCore) and ANSI Standards regarding power cabling.

- 7.8.2 If BellSouth has not previously invested in power plant capacity for collocation at a specific site, BTI has the option to add its own dedicated power plant; provided, however, that such work shall be performed by a BellSouth Certified Supplier who shall comply with BellSouth's guidelines and specifications. Where the addition of BTI's dedicated power plant results in construction of a new power plant room, upon termination of BTI's right to occupy collocation space at such site, BTI shall have the right to remove its equipment from the power plant room, but shall otherwise leave the room intact.
- 7.8.3 If BTI elects to install its own DC Power Plant, BellSouth shall provide AC power to feed BTI's DC Power Plant. Charges for AC power will be assessed per breaker ampere per month. Rates include the provision of commercial and standby AC power. When obtaining power from a BellSouth service panel, protection devices and power cables must be engineered (sized), and installed by BTI's BellSouth Certified Supplier except that BellSouth shall engineer and install protection devices and power cables for Adjacent Collocation. BTI's BellSouth Certified Supplier must also provide a copy of the engineering power specification prior to the Commencement Date. Charges for AC power shall be assessed pursuant to the rates specified in Exhibit A. AC power voltage and phase ratings shall be determined on a per location basis. At BTI's option, BTI may arrange for AC power in an Adjacent Collocation arrangement from a retail provider of electrical power.
- 7.9 Security Escort. A security escort will be required whenever BTI or its approved agent desires access to the entrance manhole or must have access to the Premises after the one accompanied site visit allowed pursuant to Section 6.6.2 prior to completing BellSouth's Security Training requirements and/or prior to Space Acceptance. Rates for a security escort are assessed according to the schedule appended hereto as Exhibit A beginning with the scheduled escort time. BellSouth will wait for one-half (1/2) hour after the scheduled time for such an escort and BTI shall pay for such half-hour charges in the event BTI fails to show up.
- 7.10 Cable Record charges. These charges apply for work required to build cable records in company systems. The VG/DS0 per cable record charge is for a maximum of 3600 records. The Fiber cable record charge is for a maximum of 99 records.
- 7.11 Rate "True-Up". The Parties agree that the prices reflected as interim herein shall be "trued-up" (up or down) based on final prices either determined by further agreement or by an effective order, in a proceeding involving BellSouth before the regulatory authority for the state in which the services are being performed or any other body having jurisdiction over this Agreement (hereinafter "Commission"). Under the "true-up" process, the interim price for each service shall be multiplied by the volume of that service purchased to arrive at the total interim amount paid for that service ("Total Interim Price"). The final price for that service shall be multiplied by the

volume purchased to arrive at the total final amount due ("Total Final Price"). The Total Interim Price shall be compared with the Total Final Price. If the Total Final Price is more than the Total Interim Price, BTI shall pay the difference to BellSouth. If the Total Final Price is less than the Total Interim Price, BellSouth shall pay the difference to BTI. Each Party shall keep its own records upon which a "true-up" can be based and any final payment from one Party to the other shall be in an amount agreed upon by the Parties based on such records. In the event of any disagreement as between the records or the Parties regarding the amount of such "true-up," the Parties agree that the Commission shall be called upon to resolve such differences.

- 7.12 Other. If no rate is identified in the contract, the rate for the specific service or function will be negotiated by the Parties upon request by either Party. Payment of all other charges under this Attachment shall be due as dictated by BTI's current billing cycle. BTI will pay a late payment charge as specified in the current State Tariff.

8. Insurance

- 8.1 BTI shall, at its sole cost and expense, procure, maintain, and keep in force insurance as specified in this Section 8 and underwritten by insurance companies licensed to do business in the states applicable under this Attachment and having a Best's Insurance Rating of A-.
- 8.2 BTI shall maintain the following specific coverage:
- 8.2.1 Commercial General Liability coverage in the amount of ten million dollars (\$10,000,000.00) or a combination of Commercial General Liability and Excess/Umbrella coverage totaling not less than ten million dollars (\$10,000,000.00). BellSouth shall be named as an Additional Insured on the Commercial General Liability policy as specified herein.
- 8.2.2 Statutory Workers Compensation coverage and Employers Liability coverage in the amount of one hundred thousand dollars (\$100,000.00) each accident, one hundred thousand dollars (\$100,000.00) each employee by disease, and five hundred thousand dollars (\$500,000.00) policy limit by disease.
- 8.2.3 All Risk Property coverage on a full replacement cost basis insuring all of BTI's real and personal property situated on or within BellSouth's Central Office location(s).
- 8.2.4 BTI may elect to purchase business interruption and contingent business interruption insurance, having been advised that BellSouth assumes no liability for loss of profit or revenues should an interruption of service occur.
- 8.3 The limits set forth in Section 8.2 above may be increased by BellSouth from time to time during the term of this Attachment upon thirty (30) days notice to BTI to at least such minimum limits as shall then be customary with respect to comparable occupancy of BellSouth structures.

- 8.4 All policies purchased by BTI shall be deemed to be primary and not contributing to or in excess of any similar coverage purchased by BellSouth. All insurance must be in effect on or before the date equipment is delivered to BellSouth's Premises and shall remain in effect for the term of this Attachment or until all BTI's property has been removed from BellSouth's Premises, whichever period is longer. If BTI fails to maintain required coverage, BellSouth may pay the premiums thereon and seek reimbursement of same from BTI.
- 8.5 BTI shall submit certificates of insurance reflecting the coverage required pursuant to this Section a minimum of ten (10) business days prior to the commencement of any work in the Collocation Space. Failure to meet this interval may result in construction and equipment installation delays. BTI shall arrange for BellSouth to receive thirty (30) business days' advance notice of cancellation from BTI's insurance company. BTI shall forward a certificate of insurance and notice of cancellation/non-renewal to BellSouth at the following address:
- BellSouth Telecommunications, Inc.
Attn.: Risk Management Coordinator
17H53 BellSouth Center
675 W. Peachtree Street
Atlanta, Georgia 30375
- 8.6 BTI must conform to recommendations made by BellSouth's fire insurance company to the extent BellSouth has agreed to, or shall hereafter agree to, such recommendations.
- 8.7 Self-Insurance. If BTI's net worth exceeds five hundred million dollars (\$500,000,000), BTI may elect to request self-insurance status in lieu of obtaining any of the insurance required in Sections 8.2.1 and 8.2.2. BTI shall provide audited financial statements to BellSouth thirty (30) days prior to the commencement of any work in the Collocation Space. BellSouth shall then review such audited financial statements and respond in writing to BTI in the event that self-insurance status is not granted to BTI. If BellSouth approves BTI for self-insurance, BTI shall annually furnish to BellSouth, and keep current, evidence of such net worth that is attested to by one of BTI's corporate officers. The ability to self-insure shall continue so long as the BTI meets all of the requirements of this Section. If the BTI subsequently no longer satisfies this Section, BTI is required to purchase insurance as indicated by Sections 8.2.1 and 8.2.2.
- 8.8 The net worth requirements set forth in Section 8.7 may be increased by BellSouth from time to time during the term of this Attachment upon thirty (30) days' notice to BTI to at least such minimum limits as shall then be customary with respect to comparable occupancy of BellSouth structures.
- 8.9 Failure to comply with the provisions of this Section will be deemed a material breach of this Attachment.

9. Mechanics Liens

- 9.1 If any mechanics lien or other liens shall be filed against property of either Party (BellSouth or BTI), or any improvement thereon by reason of or arising out of any labor or materials furnished or alleged to have been furnished or to be furnished to or for the other Party or by reason of any changes, or additions to said property made at the request or under the direction of the other Party, the other Party directing or requesting those changes shall, within thirty (30) business days after receipt of written notice from the Party against whose property said lien has been filed, either pay such lien or cause the same to be bonded off the affected property in the manner provided by law. The Party causing said lien to be placed against the property of the other shall also defend, at its sole cost and expense, on behalf of the other, any action, suit or proceeding which may be brought for the enforcement of such liens and shall pay any damage and discharge any judgment entered thereon.

10. Inspections

- 10.1 BellSouth may conduct an inspection of BTI's equipment and facilities in the Collocation Space(s) prior to the activation of facilities between BTI's equipment and equipment of BellSouth. BellSouth may conduct an inspection if BTI adds equipment and may otherwise conduct routine inspections at reasonable intervals mutually agreed upon by the Parties. BellSouth shall provide BTI with a minimum of forty-eight (48) hours or two (2) business days, whichever is greater, advance notice of all such inspections. All costs of such inspection shall be borne by BellSouth.

11. Security and Safety Requirements

- 11.1 The security and safety requirements set forth in this section are as stringent as the security requirements BellSouth maintains at its own premises either for their own employees or for authorized contractors. Only BellSouth employees, BellSouth Certified Contractors and authorized employees, authorized Guests, pursuant to Section 3.4, preceding, or authorized agents of BTI will be permitted in the BellSouth Premises. BTI shall provide its employees and agents with picture identification which must be worn and visible at all times while in the Collocation Space or other areas in or around the Premises. The photo Identification card shall bear, at a minimum, the employee's name and photo, and the BTI name. BellSouth reserves the right to remove from its premises any employee of BTI not possessing identification issued by BTI or who have violated any of BellSouth's policies as outlined in the CLEC Security Training documents. BTI shall hold BellSouth harmless for any damages resulting from such removal of its personnel from BellSouth premises. BTI shall be solely responsible for ensuring that any Guest of BTI is in compliance with all sections of this Section 11.

- 11.1.1 BTI will be required, at its own expense, to conduct a statewide investigation of criminal history records for each BTI employee being considered for work on the BellSouth Premises, for the states/counties where the BTI employee has worked and

lived for the past five years. Where state law does not permit statewide collection or reporting, an investigation of the applicable counties is acceptable. BTI shall not be required to perform this investigation if an affiliated company of BTI has performed an investigation of the BTI employee seeking access, if such investigation meets the criteria set forth above. This requirement will not apply if BTI has performed a pre-employment statewide investigation of criminal history records, or where state law does not permit an investigation of the applicable counties for the BTI employee seeking access, for the states/counties where the BTI employee has worked and lived for the past five years.

- 11.1.2 BTI will be required to administer to their personnel assigned to the BellSouth Premises security training either provided by BellSouth, or meeting criteria defined by BellSouth.
- 11.1.3 BTI shall not assign to the BellSouth Premises any personnel with records of felony criminal convictions. BTI shall not assign to the BellSouth Premises any personnel with records of misdemeanor convictions, except for misdemeanor traffic violations, without advising BellSouth of the nature and gravity of the offense(s). BellSouth reserves the right to refuse building access to any BTI personnel who have been identified to have misdemeanor criminal convictions. Notwithstanding the foregoing, in the event that BTI chooses not to advise BellSouth of the nature and gravity of any misdemeanor conviction, BTI may, in the alternative, certify to BellSouth that it shall not assign to the BellSouth Premises any personnel with records of misdemeanor convictions (other than misdemeanor traffic violations).
- 11.1.4 BTI shall not knowingly assign to the BellSouth Premises any individual who was a former employee of BellSouth and whose employment with BellSouth was terminated for a criminal offense whether or not BellSouth sought prosecution of the individual for the criminal offense.
- 11.1.5 BTI shall not knowingly assign to the BellSouth Premises any individual who was a former contractor of BellSouth and whose access to a BellSouth Premises was revoked due to commission of a criminal offense whether or not BellSouth sought prosecution of the individual for the criminal offense.
- 11.1.6 For each BTI employee requiring access to a BellSouth Premises pursuant to this Attachment, BTI shall furnish BellSouth, prior to an employee gaining such access, a certification that the aforementioned background check and security training were completed. The certification will contain a statement that no felony convictions were found and certifying that the security training was completed by the employee. If the employee's criminal history includes misdemeanor convictions, BTI will disclose the nature of the convictions to BellSouth at that time. In the alternative, BTI may certify to BellSouth that it shall not assign to the BellSouth Premises any personnel with records of misdemeanor convictions other than misdemeanor traffic violations.
- 11.1.7 At BellSouth's request, BTI shall promptly remove from BellSouth's Premises any employee of BTI BellSouth does not wish to grant access to its premises 1) pursuant

to any investigation conducted by BellSouth or 2) prior to the initiation of an investigation in the event that an employee of BTI is found interfering with the property or personnel of BellSouth or another CLEC, provided that an investigation shall promptly be commenced by BellSouth.

- 11.2 **Notification to BellSouth.** BellSouth reserves the right to interview BTI's employees, agents, or contractors in the event of wrongdoing in or around BellSouth's property or involving BellSouth's or another CLEC's property or personnel, provided that BellSouth shall provide reasonable notice to BTI's Security contact of such interview. BTI and its contractors shall reasonably cooperate with BellSouth's investigation into allegations of wrongdoing or criminal conduct committed by, witnessed by, or involving BTI's employees, agents, or contractors. Additionally, BellSouth reserves the right to bill BTI for all reasonable costs associated with investigations involving its employees, agents, or contractors if it is established and mutually agreed in good faith that BTI's employees, agents, or contractors are responsible for the alleged act. BellSouth shall bill BTI for BellSouth property which is stolen or damaged where an investigation determines the culpability of BTI's employees, agents, or contractors and where BTI agrees, in good faith, with the results of such investigation. BTI shall notify BellSouth in writing immediately in the event that the CLEC discovers one of its employees already working on the BellSouth premises is a possible security risk. Upon request of the other Party, the Party who is the employer shall discipline consistent with its employment practices, up to and including removal from BellSouth Premises, any employee found to have violated the security and safety requirements of this section. BTI shall hold BellSouth harmless for any damages resulting from such removal of its personnel from BellSouth premises.
- 11.3 **Use of Supplies.** Unauthorized use of telecommunications equipment or supplies by either Party, whether or not used routinely to provide telephone service (e.g. plug-in cards,) will be strictly prohibited and handled appropriately. Costs associated with such unauthorized use may be charged to the offending Party, as may be all associated investigative costs.
- 11.4 **Use of Official Lines.** Except for non-toll calls necessary in the performance of their work, neither Party shall use the telephones of the other Party on the BellSouth Premises. Charges for unauthorized telephone calls may be charged to the offending Party, as may be all associated investigative costs.
- 11.5 **Accountability.** Full compliance with the Security requirements of this section shall in no way limit the accountability of either Party to the other for the improper actions of its employees.

12. Destruction of Collocation Space

- 12.1 In the event a Collocation Space is wholly or partially damaged by fire, windstorm, tornado, flood or by similar causes to such an extent as to be rendered wholly unsuitable for BTI's permitted use hereunder, then either Party may elect within ten

(10) business days after such damage, to terminate occupancy of the damaged Collocation Space, and if either Party shall so elect, by giving the other written notice of termination, both Parties shall stand released of and from further liability under the terms hereof. If the Collocation Space shall suffer only minor damage and shall not be rendered wholly unsuitable for BTI's permitted use, or is damaged and the option to terminate is not exercised by either Party, BellSouth covenants and agrees to proceed promptly without expense to BTI, except for improvements not the property of BellSouth, to repair the damage. BellSouth shall have a reasonable time within which to rebuild or make any repairs, and such rebuilding and repairing shall be subject to delays caused by storms, shortages of labor and materials, government regulations, strikes, walkouts, and causes beyond the control of BellSouth, which causes shall not be construed as limiting factors, but as exemplary only. BTI may, at its own expense, accelerate the rebuild of its collocated space and equipment provided however that a BellSouth Certified Contractor is used and the necessary space preparation has been completed. Rebuild of equipment must be performed by a BellSouth Certified Vendor. If BTI's acceleration of the project increases the cost of the project, then those additional charges will be incurred by BTI. Where allowed and where practical, BTI may erect a temporary facility while BellSouth rebuilds or makes repairs. In all cases where the Collocation Space shall be rebuilt or repaired, BTI shall be entitled to an equitable abatement of rent and other charges, depending upon the unsuitability of the Collocation Space for BTI's permitted use, until such Collocation Space is fully repaired and restored and BTI's equipment installed therein (but in no event later than thirty (30) business days after the Collocation Space is fully repaired and restored). Where BTI has placed an Adjacent Arrangement pursuant to Section 3.5, BTI shall have the sole responsibility to repair or replace said Adjacent Arrangement provided herein. Pursuant to this section, BellSouth will restore the associated services to the Adjacent Arrangement.

13. Eminent Domain

- 13.1 If the whole of a Collocation Space or Adjacent Arrangement shall be taken by any public authority under the power of eminent domain, then this Attachment shall terminate with respect to such Collocation Space or Adjacent Arrangement as of the day possession shall be taken by such public authority and rent and other charges for the Collocation Space or Adjacent Arrangement shall be paid up to that day with proportionate refund by BellSouth of such rent and charges as may have been paid in advance for a period subsequent to the date of the taking. If any part of the Collocation Space or Adjacent Arrangement shall be taken under eminent domain, BellSouth and BTI shall each have the right to terminate this Attachment with respect to such Collocation Space or Adjacent Arrangement and declare the same null and void, by written notice of such intention to the other Party within ten (10) business days after such taking.

14. Nonexclusivity

14.1 BTI understands that this Attachment is not exclusive and that BellSouth may enter into similar agreements with other Parties. Assignment of space pursuant to all such agreements shall be determined by space availability and made on a first come, first served basis.

Note(s):

N/A refers to rate elements which do not have a negotiated rate.

- (1) **POT Bays:** BellSouth's Florida specific rates were established in the Florida Public Service Commission Docket No. 960833. The Commission did not set permanent rates for POT Bays, given the assumption by the Parties to the Proceeding that they will always provide their own POT Bays. It will be necessary for BTI to provide its own POT Bays per BellSouth specifications and provide the necessary information from which BellSouth can inventory.
- (2) Cable records charges apply for work required to build cable records in company systems. The VG/DS0 per cable record charge is for a maximum of 3600 records. The Fiber cable record charge is for a maximum of 99 records.
- (3) The initial charge applies when the cables are first installed and inventoried. The subsequent charge applies when additional cables are installed and inventoried at the same location.
- (4) **Co-Carrier Cross-Connect..** For arrangements in place prior to the effective date of this agreement, the recurring charges as stated in this Exhibit A shall apply.

**ENVIRONMENTAL AND SAFETY
PRINCIPLES**

The following principles provide basic guidance on environmental and safety issues when applying for and establishing Physical Collocation arrangements.

1. GENERAL PRINCIPLES

- 1.1** Compliance with Applicable Law. BellSouth and BTI agree to comply with applicable federal, state, and local environmental and safety laws and regulations including U.S. Environmental Protection Agency (USEPA) regulations issued under the Clean Air Act (CAA), Clean Water Act (CWA), Resource Conservation and Recovery Act (RCRA), Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), Superfund Amendments and Reauthorization Act (SARA), the Toxic Substances Control Act (TSCA), and OSHA regulations issued under the Occupational Safety and Health Act of 1970, as amended and NFPA and National Electrical Codes (NEC) and the NESC ("Applicable Laws"). Each Party shall notify the other if compliance inspections are conducted by regulatory agencies and/or citations are issued that relate to any aspect of this Attachment.
- 1.2** Notice. BellSouth and BTI shall provide notice to the other, including Material Safety Data Sheets (MSDSs), of known and recognized physical hazards or Hazardous Chemicals existing on site or brought on site. Each Party is required to provide specific notice for known potential Imminent Danger conditions. BTI should contact 1-800-743-6737 for BellSouth MSDS sheets.
- 1.3** Practices/Procedures. BellSouth may make available additional environmental control procedures for BTI to follow when working at a BellSouth Premises (See Section 2, below). These practices/procedures will represent the regular work practices required to be followed by the employees and contractors of BellSouth for environmental protection. BTI will require its contractors, agents and others accessing the BellSouth Premises to comply with these practices. Section 2 lists the Environmental categories where BST practices should be followed by BTI when operating in the BellSouth Premises.
- 1.4** Environmental and Safety Inspections. BellSouth reserves the right to inspect the BTI space with proper notification. BellSouth reserves the right to stop any BTI work operation that imposes Imminent Danger to the environment, employees or other persons in the area or Facility.
- 1.5** Hazardous Materials Brought On Site. Any hazardous materials brought into, used, stored or abandoned at the BellSouth Premises by BTI are owned by BTI. BTI will indemnify BellSouth for claims, lawsuits or damages to persons or property caused by these materials. Without prior written BellSouth approval, no substantial new

safety or environmental hazards can be created by BTI or different hazardous materials used by BTI at BellSouth Facility. BTI must demonstrate adequate emergency response capabilities for its materials used or remaining at the BellSouth Facility.

- 1.6 **Spills and Releases.** When contamination is discovered at a BellSouth Premises, the Party discovering the condition must notify BellSouth. All Spills or Releases of regulated materials will immediately be reported by BTI to BellSouth.
- 1.7 **Coordinated Environmental Plans and Permits.** BellSouth and BTI will coordinate plans, permits or information required to be submitted to government agencies, such as emergency response plans, spill prevention control and countermeasures (SPCC) plans and community reporting. If fees are associated with filing, BellSouth and BTI will develop a cost sharing procedure. If BellSouth's permit or EPA identification number must be used, BTI must comply with all of BellSouth's permit conditions and environmental processes, including environmental "best management practices (BMP)" (see Section 2, below) and/or selection of BST disposition vendors and disposal sites.
- 1.8 **Environmental and Safety Indemnification.** BellSouth and BTI shall indemnify, defend and hold harmless the other Party from and against any claims (including, without limitation, third-party claims for personal injury or death or real or personal property damage), judgments, damages, (including direct and indirect damages, and punitive damages), penalties, fines, forfeitures, costs, liabilities, interest and losses arising in connection with the violation or alleged violation of any Applicable Law or contractual obligation or the presence or alleged presence of contamination arising out of the acts or omissions of the indemnifying Party, its agents, contractors, or employees concerning its operations at the Facility.

2. CATEGORIES FOR CONSIDERATION OF ENVIRONMENTAL ISSUES

When performing functions that fall under the following Environmental categories on BellSouth's Premises, BTI agrees to comply with the applicable sections of the current issue of BellSouth's Environmental and Safety Methods and Procedures (M&Ps), incorporated herein by this reference. BTI further agrees to cooperate with BellSouth to ensure that BTI's employees, agents, and/or subcontractors are knowledgeable of and satisfy those provisions of BellSouth's Environmental M&Ps which apply to the specific Environmental function being performed by BTI, its employees, agents and/or subcontractors.

The most current version of reference documentation must be requested from BellSouth.

Performance Measurements

Upon a particular Commission's issuance of an Order pertaining to Performance Measurements in a proceeding expressly applicable to all CLECs generally, BellSouth shall implement in that state such Performance Measurements as of the date specified by the Commission.

**Amendment to the
Interconnection Agreement between
Business Telecom, Inc. and
BellSouth Telecommunications, Inc.
Dated February 21, 2000**

Pursuant to this Amendment ("Amendment"), Business Telecom, Inc. ("BTI") and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties", hereby agree to amend the Interconnection Agreement between BellSouth and BTI dated February 21, 2000 ("Interconnection Agreement").

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, BTI and BellSouth hereby covenant and agree as follows:

1. The following paragraph will be added to Attachment 2 as section 5.6.3.7:

5.6.3.7 2-wire voice grade coin port, shared interoffice transport, and 2-wire analog loop. This Unbundled Coin port/loop combination is to be utilized with a payphone set capable of performing coin phone functions such as call rating, coin return, and timing within the set itself.

2. Rates for the Unbundled Coin Port/Loop Combinations are attached hereto as Exhibit 1.
3. All other provisions of the Interconnection Agreement dated February 21, 2000 shall remain unchanged and in full force and effect until the expiration date.
4. Either or both of the Parties is authorized to submit this Amendment to the appropriate regulatory agencies for approval subject to section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

NOTES:

- The UNE Coin Port rate within this section includes all available features in GA, KY and TN.
- Rates within this section apply for "Currently Combined" (and "Not Currently Combined" as noted in GA) UNE Coin Port/Loop Combinations ordered by the CLEC within all MSAs of the states listed to serve end users with less than four (4) DSO equivalent lines; and for all MSAs of the states listed, except Orlando, FL, Lauderdale, Miami, Atlanta, Greensboro-Winston Salem-Highpoint / Charlotte-Gastonia-Rock Hill, Nashville and New Orleans, to serve end users with four (4) or more DSO equivalent lines.
- As clarification, the term Dialing Parity refers to the BellSouth local calling plans that BellSouth must provide to comply with local dialing parity. The CLEC may request such a local calling scope with its UNE port/loop combination by selecting the appropriate USOC.
- There is not a unique UNE Coin Port/Loop Combination USOC. The service is ordered by submitting the UNE Coin Port USOC.
- Subsequent Activity is charged for service order activity after the line has been established as a UNE Combination. This charge is in addition to other applicable NRCs, such as OSS charges and installation charges.

6. This Amendment contains Deaveraged Loop Rates by Zone. Until approximately December 31, 2000 or until such time that BellSouth billing systems have been developed to handle the new zone rate structure, BellSouth will bill at the Zone 1 Deaveraged Loop rate level only. After December 31, 2000 or such time that the billing systems have been developed to handle the new zone rate structure, BellSouth will begin billing pursuant to CLEC-1's interconnection agreement.
7. In Georgia the UNE Coin Port Recurring Rates within this section will apply for "Currently Combined" as well as "Not Currently Combined" Port/Loop Combinations except for the Atlanta MSA if the CLEC is serving an end user with four or more DS0 equivalent lines.
8. The nonrecurring charges in this category apply to "Not Currently Combined" UNE Coin Port/Loop Combinations in GA only, except for the Atlanta MSA if the CLEC is serving an end user with four or more DS0 equivalent lines.
9. The USOCs listed within this category will appear on the CLEC's bill with the charges listed but are not required on the Local Service Request (LSR) when ordering.
10. Rates within this section apply (1) if the CLEC is ordering a UNE Coin Port/loop Combination that is "Currently Combined" or "Not Currently Combined" to serve an end user with four or more DS0 equivalent lines in the Orlando, Ft. Lauderdale, Miami, Atlanta, Greensboro-Winston-Salem-Highpoint / Charlotte-Gastonia-Rock Hill, Nashville or New Orleans MSAs or (2) if the CLEC is ordering a UNE Coin Port/loop Combination that is "Not Currently Combined" to serve an end user in any MSA in AL, FL, KY, LA, MS, NC, SC or TN.
11. The UNE Coin Port rate within this section includes all available features.
12. BellSouth currently is developing the billing capability to bill unbundled recurring port rates for this section 2.1.1. In the interim, BellSouth shall bill the recurring unbundled port rates listed in 1.1.1 of this Exhibit 1 and shall true-up the billing differences once the billing capability is developed.
